

The Gazette

Lukay opposes

Paul Kane approved as pool site

Two out of three recommendations from Administration Committee for recreation facilities were given the green light by town council meeting July 5th, but the third one, dealing with a covered pool and racquet courts to be built in Fountain Park, next to Paul Kane school, ran into stiff opposition from Councillor Lukay.

Councillors Thronson and Smith were away on vacation.

Vote was unanimous on the recommendation to locate multi purpose recreation facilities on the Oblate site [former Rodeo Grounds off Highway 2] to include an arena, and the vote was also unanimous that the firm of Phillips Barratt be appointed as architects for both the swimming pool and arena projects.

Coun. Thronson however had opposed both the oblate site for arena and the hiring of Phillips Barratt at the Administration Committee meeting on June 28th.

A pool and courts in Fountain Park is poor planning and I will not support the siting said Coun. Lukay. It would be overcrowding of public facilities in one area which has four schools, a school board building, day care centre with intent to house a teen centre in the basement, and a future commercial site adjacent (a reference to the Shell property adjacent to Maloney School, originally planned for a service station and neighborhood shopping facility).

Council is being insensitive he said in taking away a park which people had been awaiting for many years. They lived with blowing dust - and now when the park is constructed we put structures and a parking lot on it.

He also said he didn't think council was considering the financial loss of \$30 - \$50,000 in park landscaping, and was even more concerned that the development would result in more serious flooding on Perron Street, "a problem we have not yet resolved. The park, he said, absorbs a large portion of runoff water, which won't happen when it is converted to buildings.

Traffic congestion was yet another area where Coun. Lukay felt the Fountain Park facilities were a mistake. Now we are reversing our policy not to extend Bishop street to Churchill.

"If a developer brought in such a proposal, said Coun. Lukay, council would look at

it much more closely, but for some reason we are not looking closely at this one. I realize council is anxious to provide the facility - but must we throw all logic - out the window?

Coun. Lukay felt the council Ad Hoc Committee on rec facilities had been strongly influenced by the Parks and Rec. Board after their spring surveys of public opinion, and that perhaps the greatest influence had come from the Protestant School Board, who were interested in the facility and would reap

some cost benefit. However the councillor anticipated, that benefit might be reduced, in that the school would only have a holding area under the present proposal. Kids will wait in the school - will the principal accept such use of hallways even during classes? He thought the school board's argument that the site would reduce busing costs was also open to question. I'm certain, said Coun. Lukay that with the type of weather we have, very few parents would Please Turn to Page 2

Councillors favour oblate site

In supporting the Oblate site for a recreation facility centered around a covered arena, Councillor Effe said in selecting a site for recreation it was important to look at what type of facility is planned. If an arena we must look at a facility easily accessible for the entire community, including Lacombe Park. And again ask if there is expansion potential - perhaps for another curling rink where we could double up on costs of plants. We must look at needs five or ten years down the road she stated.

The other site considered was at St. Albert High, said Coun. Wetsch. The impact on the neighbourhood and traffic repercussions were considered for residents of Malmo, Mission and streets

in the Mission area. The Oblate site offers all advantages without the traffic difficulties at St. Albert High.

Coun. Breadner also supported the site, saying it makes use of site we have an agreement on. We do not have to have an extravagant facility - it can be modest he added. But the great thing is expansion for the future. We begin to utilize the site now and there is great savings for the future.

We examined possible sites in the Lacombe Park-Mission area said the mayor and we had basically two: St. Albert High and the Oblate site. When we started to look at the impact on residential areas there were clearly only one site - the oblates. Future Please Turn to Page 2

Wednesday, July 14th, 1976. Vol. 17 No. 28 St. Albert & Surgeon Gazette

Residents want action on Shell site

About a dozen residents of Forest Lawn appeared before committee of the whole meeting Monday evening requesting action on the Shell owned property backing V.J. Maloney school grounds.

There might have been more but the Gazette was informed that the people concerned did not get notice that they were on the agenda until Monday, and some of the letters arrived Tuesday. It was unfortunate said Mrs. MacPherson, as we had planned to have a drawing completed and a more formal presentation ready.

Mr. Joseph Hennessy of Fair Oaks Drive, who had initiated the move to have something done about the

Shell property in mid May is in Europe. He had prepared letters for distribution to the people in the Fairchild, Fair Oaks, Fairview, Churchill area in two copies. Residents were invited to sign them and send one to council and one to Shell. "About 60 or more," were sent in to Town Hall, according to Mayor Plain.

The residents want the property cleaned up and the zoning changed from neighborhood commercial to single family residential or parkland.

The mayor said Shell had been told about the concern of residents on the surface condition of the lot which was rough and uneven, noting

that he recently saw a grader at work.

On the rezoning he said he suggested the C2 had been in effect since the subdivision went in (1970). The residents ideas on rezoning to park and how it could be developed raised a number of questions said Mayor Plain, such as what is the demand for commercial in the area. Shell he said have indicated they will have a plan ready for 1977. The firm had received a number of tentative proposals for the property, including a church.

If we rezone private property from commercial to park then the public must pay said the mayor. If the Please Turn to Page 2

Council hears pros and cons of C.B. operations

Jack Garrett and John Tanchak of the newly-formed Citizens Band Radio Club in St. Albert appeared before town council Monday evening to inform councillors on C.B. activities and the aims and purposes of the Pathfinders Club. Mr. Watson of the federal Department of Communications was present in the gallery.

Mr. Garrett spoke first, thanking council for the opportunity to "let you know we are around - I think you know it already" he said jokingly. (Councillors have been getting rather a lot of calls and letters on C.B. interference with T.V., stereos, electric organs etc.)

An inexpensive two-way communication, C.B. is used both for recreation and community service, said Mr. Garrett, and is relatively new. About seven years ago

there were 800 stations in the Edmonton area, two years ago 4,000, and now there are over 15,000 he said. St. Albert about two years ago had five stations and now there are in excess of 120 Please Turn to Page 7

Proud and happy day at Legion opening

Sunday, July 11, 1976 will surely go down in the history of Royal Canadian Legion Branch 271 as its most memorable day.

Upwards of 350 people were on hand for the opening ceremonies of the Legion Memorial Hall, and many more came throughout the afternoon to see the new building and have tea.

President Reg Brenner and his executive arranged a thoroughly appropriate ceremony for the official opening of the beautiful memorial building which is to be the Legion's new home in St. Albert.

Mr. Brenner was master of ceremonies and opened proceedings with the presentation of colours by Legion members in the paved area fronting the

building, where uniformed legionnaires and Auxiliary were assembled. Special guests were seated below the overhang, facing the crowd gathered on all sides. Business of the day was introduction of the guests which included many Legion officers from the area.

Zone Commander Alex Bayrack was first to speak, offering his congratulations and best wishes for the future. MP Marcel Lambert, himself a Legion member was warm in his congratulations and happy to see the Branch on completion of such a large project. He remembered that St. Albert Legion had had its hard times and was pleased to see those days over, and a bright future ahead for the fine Please Turn to Page 7

Silver Cross Mother Maude Potter, the adopted mother of Branch 271, cut the ribbon officially opening the new Royal Canadian Legion building which is located across the street from the old building on Tache Street. Branch 271 President Reg Brenner assisted Mrs. Potter as she cut the ribbon at Sunday afternoon's opening ceremonies.

Shell

Cont'd From Page 1
park would benefit only a limited area should the cost be borne by residents of that area. If the park is a general benefit and is paid for out of general revenue, he went on, it is then a question of priorities re Parks and Recreation expenditures. So we will give opportunity to the residents to express their opinions.

Mr. Tom Sentes opened with two questions: first on rezoning he said a park would be nice but he would like to see provision for a pool or arena, and felt that there were service clubs around who would be interested. Secondly he felt that if the property reverts to park the town should pay for it and not put it on the area people.

The mayor informed him that a pool was going in Fountain Park and an arena on the Oblate site on the highway. When a park is over and above what we have provided, that's when the cost comes in he said. Surveys did not show parkland as a concern of the residents. Depending on price of the land it could be one quarter of one half a million dollars which now has to open space which now has a low rating in St. Albert.

RESIDENTS DISAGREE

Mr. Sentes wasn't so sure on that point, and a woman in the audience later stated her opinion that when the recreation surveys were done the attention of residents was clearly focused on the badly needed pool and arena. Now I believe they will focus on open space, which may well become the top priority she said.

It has obviously been a nice piece of property for years said Mr. Sentes - and nobody does anything. We think to do something and I talked to Shell, who said they had only one application, from a church, but the price was too high. Shell had considered a gas bar and 7-11 type development facing Churchill, said Mr. Sentes,

and planned to leave the back park vacant. It's too expensive for residential, so what is going to happen to that property, I think THAT is the question. The mayor said he had asked Shell to set out how the property is to be developed.

Shell is co-operative said Mr. Sentes - I don't think they are interested in developing beyond the strip on Churchill at least for the next five years. We have asked them for plans in 1977 for an overall view on development, said the mayor.

A woman objected to the commercial development in an area with four schools. It will be a hangout and very undesirable for the neighbourhood. The administrator said that he and the mayor made clear to Shell that they cannot recommend piece meal development and would require a plan which could be discussed with the residents. We told them something must be done and while the local people are sympathetic, head office is not so much.

Another woman felt the clear up of the site is the best idea and get it to grass! There is an 18 inch hole full of mud, coathangers, tin cans. This is a direct route to an elementary school and I don't think it's right she said. The mayor didn't think the owners could be forced to plant grass.

A TELLING POINT

A woman asked how long an owner can keep a lot - three years - more? I didn't know you could buy and not build - we would have bought land and speculated on it. How CAN this be kept? The question has been put to Shell, said the mayor and we told them we'd better see the plans or examine other alternatives. "Like a 1977 plan, 1978 to consider it and 1979 to start?" asked the woman.

Within 4-5-3 months said the mayor.

In the meantime can we force them to take care of the weeds asked a member of the gallery, and regarding "alternatives" - do you mean buy the property and tax us for all of it?

There are two basic questions said the mayor. If we say rezone we would have to pay and buy that commercial property. There is a lot of open space in that part of St. Albert and if this is not a priority all over St. Albert then this is a specific benefit to 12-15,000 homes.

Coun. Wetsch was not sure what the people would like. Shell has operated with the purpose of phasing in a station and convenience store. If we look at Shell they have proven most receptive, he said. If we urge them to go ahead, you get a commercial development more quickly. The second priority is to have the space open as long as possible.

COMMERCIAL NOT WANTED

We don't want ANY commercial development in that area said a voice from the back. So what is the next step. Coun. Wetsch went back to the Shell operation, and the man said emphatically "We don't want Shell there at all!"

Coun. Lukay, chairman, pointed out that the property is zoned C2 and that Shell

owns it and may dispose of it if they wish to another party - there are many types of commercial development that could happen under C2 zoning.

Coun. Wetsch stated that the value of land is determined by the zoning, and we are now faced with C2 zoning. The mayor noted that the Fountain park pool is on town-owned land and this land would cost from one to three quarters of a million.

If taxes go up I'll pay, said a man in the gallery. This is a good area for a pool with four schools. I'm only a working man like everyone else.

Coun. Fyfe felt that would not be a common view - some tell us don't raise our taxes.

AFAMILIAR REFRAIN SOUNDS AGAIN

A man and a woman both asked why they were told when they moved in that the property in question was a park. Town Hall told me, said the man - otherwise I wouldn't have bought. We went to town hall personally said the woman and were told it was park. I see why people are angry about the convenience centre - people want their kids home after school. We are wondering whether to go ahead and landscape our property or sell - it's very disappointing.

The mayor said older areas should be handled like new areas with insistence that owners post signs denoting the zoning. Another woman said the area was zoned for multiple residential when she came and the contractors tried to get us to sign for apartments. We fought that she said, not that apartments are that less desirable than multiple.

In this day and age we are under pressure from developers who want to get as much high density as they can.

Another woman protested the motorbikes using the site and reiterated - how can we keep it vacant all this time?

If we want rezoning we must be prepared to pay said a woman and we can't make that decision tonight. Also we need input on getting a pool or arena. We will have to give a Shell proposal a chance.

Residents were assured they would be advised when the Shell proposal for overall development is received. Do we really have much to say? asked a woman - council will approve the plan.

She was assured by the mayor that residents could take the plan, look at it and put in their own ideas.

oblate

Cont'd From Page 1
expansion is provided and the site allows us to retain our 15 acres.

The five members of council were equally enthusiastic in their support of hiring Phillips Barrett as architects for the facility. Coun. Broadner noted that the firm has a good record and has an Edmonton office at the present time, which means they will produce results in the shortest time.

Coun. Fyfe said council has expended sizeable monies on the firm and hopefully can now recover some of the costs. We have that responsibility to the taxpayers she said and really

The colour party marched proudly toward the front of the new Royal Canadian Legion building where they took their places on either side of the guest platform. The crowd joined in the singing of O Canada and Sunday's opening was underway.

have no choice but to continue with the firm we worked before.

As a consulting service Phillips Barrett are the best said Coun. Lukay. They are the only specialists in western Canada on recreation and we should use their services.

The mayor said the key was in the work the firm has done in the past - their input into countless meetings. At this stage to open the door and start again to review all architects would be a waste of time.

pool

Cont'd From Page 1
want their kids walking home after a swim, adding that he feels it will be only a short time until they ask for busing.

MALONEY SCHOOL WOULD BE BETTER

If we are going to add a pool to a school, Coun. Lukay thought the V. J. Maloney School would be a better site - that would do away with three of the problems, but not the traffic problem. Perhaps we should cover Grandin Pool, he concluded.

COUNCILLOR WETSCH DISAGREES

As chairman of the town Ad Hoc Committee Chairman Wetsch stated that the recommendation was made after considerable deliberation - and Coun. Lukay's concerns were considered.

After the plebiscite, and after the Parks and Rec Board's independent survey, we met with provincial people and with Edmonton Parks and Rec people, and with members of both school boards, said Coun. Wetsch. We identified six areas and accepted the need for a pool, then we considered four sites. And we did consider the loss of area in Fountain Park. All of the committee members were aware of the significance of this loss.

But we also considered that if we ever wanted to expand there would be room - either indoors or outdoors. We allowed for flexibility in the future. Traffic was considered and Fountain Park has an advantage. As far as the point made on busing, said Coun. Wetsch, any site in any of the areas would give the same problem.

There were not that many sites available and we have chosen the one most advantageous to the community, concluded the committee

chairman. Coun. Fyfe endorsed the Fountain Park site, saying "we have had a clear indication from the public what is wanted - and also from the Parks and Rec Board. In addition the site is open to expansion, it does not infringe on residential areas, is available for school and day care children she stated. She thought disadvantages of the Maloney site outweighed the traffic concern and noted that the park is bounded by two major roads. She said covering Grandin Pool wasn't the solution - facilities were needed in other areas. "We can't afford to procrastinate any longer, added Coun. Fyfe, and with this site we get two birds with one stone - an extra facility and easy access east of the highway."

Coun. Broadner said that as a member of the Ad Hoc Committee he shared the concern about the park. But this is the best location in the eastern part of St. Albert, and we will not have to open Bishop across to it. The major access he said would be off the end of Sunset Blvd., across Cunningham Road.

Coun. Broadner thought, however, that future expansion on the site will be minimal, and he noted that the site had the support of Wetsch and Thronson as well [other committee members].

SITE NOT PLANNED - MAYOR

Mayor Plain stated that opportunity costs came up when a site was not planned. The only site planned was the Oblate site which the people did not support. Then it was just a question of whose area - which school ground - the site was not planned. He said he was sorry to see the loss in Fountain Park, but at this stage after the January plebiscite - it's now July - we've come to the conclusion, based on information we could gather that this is the best site. "I support it with deep regret, knowing the loss of park and of the previous design. But we must proceed post haste or we will not get construction underway until October. If we have any more delays we will not have the pool ready by next summer. Given the time limits we have no other choice, Mayor Plain added. He preferred Paul Kane over V.J. Maloney school where there would be impact on Broadway Crescent backing the area. The impact at Paul Kane will at least be across the four-lane road, Churchill avenue, he concluded.

Vote went 4-1 with Coun. Lukay opposed.

FIRE NEVER TAKES A HOLIDAY

Everyone deserves a vacation, but the practise of Fire Prevention should not stop at home or away from home. Safety tips to remember and carry out before leaving on holidays are:

Make sure your heating appliances are functioning properly, unplug all portable appliances including your T.V. set, also turn off all switches that are not necessary to be on. Leave key with someone so your home can be looked after. All this taken care of you can leave and have a worry-free holiday.

Don't give a Fire a chance to start.

Council discusses traffic problems with RCMP officer

Staff Sgt. Lambert of the RCMP was asked to come to council meeting, July 5th evening by the mayor, who wanted to look at enforcement of transgressions and find out "where we stand." This seems an unusual year he said, myself and other councillors I think have had more complaints. He felt the officer could possibly supply some type of overview - ways to slow traffic and to discourage or eliminate violations.

The staff sgt's visit was particularly timely on the same night as the petitioners from Mission Avenue appeared before council and on the suggestion of Coun. Fyfe these were invited to stay for Mr. Lambert's remarks.

Mr. Lambert said that they found through a number of speed traps that people are becoming "more complacent about \$30 or \$40 fines, which are not too difficult to come up with anymore." He added that he was not aware of the magnitude of the Mission Avenue problem, saying "we have had only three complaints, indicating that people are not calling us. Mr. Pomfrey however told the Gazette he felt this could not be accurate and that the records would show a lot more calls, and possibly officer Lambert might have been relying on his memory. The staff sgt. did say that some studies on Mission found that speed was not too great a problem, with a lot of traffic clocked at around 30 m.p.h. "Now that we are

aware of the magnitude we can move in and enforce the regulations better, and possibly relieve the situation he said. It is going to be a recurring problem he added and we'll have to try and keep the lid on it.

The mayor asked if he needed equipment to help and Mr. Lambert said yes. We have no statistics as to the number of fines on Mission Avenue alone, but for all of St. Albert the figure was 206 in June, which is about average.

Replying to a question from Coun. Lukay, Officer Lambert said that the police can issue a violation for 21 miles per hour in a crosswalk if they wish, but would probably assess from 24 m.p.h., depending on the area.

MOTORCYCLE PROBLEMS

The mayor asked for an outline on motorcycle problems and Mr. Lambert said the detachment have had a campaign on motorbike offences. We are faced with many coming in from the city as well he said.

Coun. Weisch asked about present legislation and Mr. Lambert said it was in the Highway Traffic Act under stunting. In case of excessive noise operators can be directed to a garage and taken off the road if not brought in line. "Are the fines pretty minimal?" asked Coun. Weisch and was told they were.

Coun. Fyfe asked how

often collector roads were patrolled and Mr. Lambert said the patrols work schools and playgrounds at the necessary times, and others are done in late evening. This is done on each shift he said and we must spend so much time in these areas - can't be too long. "Policing is expensive from our point of view said Coun. Fyfe - I'm glad you heard the Mission people tonight. She also mentioned the truck traffic and Mr. Lambert said now that we are aware we will try to handle the situation on Mission.

Coun. Breadner said he sympathized with the motorcycle noise and wondered if fines are minimal because magistrates give them low. They are on schedule said Mr. Lambert and operators have enough money that fines do not discourage them.

Coun. Breadner also enquired about off-highway motor vehicles, such as operators on railways and open fields and whether Mr. Lambert had any suggestions for municipalities or the province.

This is a problem of great magnitude he was told. When we get land posted they move to other areas. Basically they must have permission and some landowners say they can use areas if they want to.

At my request the engineer sent a memo for increased patrol, said Coun. Breadner. Yes, said Mr. Lambert, and in conjunction

with a request to give the engineer information re. volume and speed level. Mr. Byron noted that the police report showed after May and June checks that 50% of all traffic in St. Albert averaged 26 m.p.h., and 85% of all traffic averaged out at 30.9, with about 2000 traffic movements per day.

The administrator also noted that in 1976 the town had put in a request for a traffic counter which was approved in the budget, but the one sought was shown not as reliable as they had thought, and is on trial.

In reply to a question from the mayor, Mr. Lambert said he did not know whether the incidence of impaired driving had increased since the drinking age was lowered. The officer also said that a majority of impaired charges were from Edmonton, which the detachment found hard to understand. He also said stiffer penalties do not seem to help.

ALERT PUBLIC

Mayor Plain wondered how to get the public aware - there seems an increasing laxness in the community he said, and asked if Mr. Lambert had any suggestions and some kind of a campaign to get traffic slowed down.

"We are researching a number of avenues," said Mr. Lambert and doing crime prevention studies, including traffic, which may help.

If residents were conc-

erned with the whereabouts of their children at night it might help, he added.

It was Coun. Breadner's personal opinion that this society resents authority, making it difficult to enforce municipal, provincial or federal laws, and he asked Staff Sgt. Lambert to consider what council could do to solicit citizen support to curb excesses.

Coun. Lukay asked if it would be in order to ask the

public to call the detachment more frequently, so that the police might get a better picture of the situation.

Definitely, said officer Lambert - we encourage people to call us, and we are not always aware when a continuous problem arises.

The mayor asked Staff Sgt. Lambert to report back on how council could help in going after speeding problems, concluding the interview.

Mayors combine forces

Mayor Plain informed Council July 5th during the question and answer period for members that he had met last week in Red Deer with the mayors of Edmonton, Calgary, Lethbridge, Grande Prairie, Camrose and Red Deer to discuss our concerns over the inadequacies of funds given municipalities.

A committee was formed of the mayors of St. Albert, Red Deer, Grande Prairie, Edmonton and Calgary to prepare proposals and motions for the Alberta Urban Municipal Association, with the hope they will hold a half day to discuss the matter with all municipalities in Alberta.

I am holding a meeting July 8th at the Edmonton Plaza the mayor said, so we can draft a proposal for the

AUMA executive and hope-fully all municipalities in Alberta will have opportunity to deal with it in a serious manner - not to beg, but let the buck not stop at the province.

Mayor Reports

Mayor Plain reported to committee of the whole on Monday night on a meeting held July 7th between himself, Administrator Byron and the town's transportation consultant with the Minister of Transportation, Deputy Minister, and other department people.

"We brought to their attention," said the mayor, problems of concern to the community, such as the need for a median on Highway 2. Unless quick action is taken, damage to life and property will continue to mount he said.

Councillor Fyfe interjected to express her concern with the number of cars making left hand turns through double lanes, and thought

council should see if people would write to the government - "it's very dangerous."

"Letters re concerns come across my desk and have been forwarded," said the mayor. We also conveyed our desire to re-align the ring road, said Mayor Plain. We want to maximize the distance between residential areas and highways, and have buffers, not just re St. Albert, but for the rest of the people involved. He told the minister that town representatives will sit down with the government technical people to discuss re-alignments and consider alternatives.

The third point made, said Mayor Plain was that St.

Albert is doing approximately million dollars worth of arterial roads this year on Churchill Avenue from Riel Drive towards Akinsdale, as well as the widening of Hebert Road.

As a city, said the mayor, we would qualify for a grant of two-thirds for this work. As a town we get precisely nothing. The cities get more in one year than we do in five, in terms of grants.

Faced with this prospect, unless action is taken, St. Albert can expect to raise a portion of the money by general levy, or a larger portion by way of charges through developers onto lots. This is against our policy of putting reasonably priced lots on the market, said Mayor Plain.

It's unfair to St. Albert, he added. There should be equal treatment for all Albertans, relative to grants. We asked for that consideration, but we did not receive a commitment.

The fourth point made with the minister by the St. Albert representatives concerned the report of the St. Albert Transportation Steering Committee dealing with internal and external links. Once the report is completed for various stages of population and land area increases in St. Albert, the town wants to work with Department of Transport people. We received assurance from the minister that on-going sets of meetings will take place. So that overall, said the mayor, we

can get on with the job, within and outside the community.

Concerning the 170 Street and 156 Street links with Edmonton, the mayor said he was given to understand at the meeting that there are substantial problems with

land acquisition. If it goes to expropriation it could take better than half a year, he said, plus Edmonton city servicing is delaying the 156 Street work.

In short, the mayor concluded they'll do 170 Street to 137 Avenue this year, but

156 Street - the key one - will perhaps be tied up by land acquisition and city policies until late 1977. If troubles continue with the city, he said, when we meet with them in September we will convey to them the urgency re their traffic problems which are also ours.

Speedway Park land proposed for city

McCuig Desrochers, solicitors for the new owners of Speedway Park wrote council to advise they had been instructed to launch proceedings to have these lands annexed to the city of Edmonton.

Noting that the town owns land in the vicinity they wished to know if St. Albert would wish to have the land included in the proposed annexation; what use is now being made of the town land and what use the town would prefer for their land if annexed.

Mayor Plain pointed out that the town has a trunk line in the area. Coun. Breadner asked if there is any problem with our properties if they reside in St. Albert or MD Sturgeon. Administrator Byron said the town has acquired interest in land outside its jurisdiction in the proper manner in order to put in a lift station to pump water. Coun. Breadner noted that the questions in the letter refer to the town little property in the area and his concern was MD Sturgeon. The mayor felt that the question would not be whether the St. Albert property was in the city or the MD but rather what is the new owner's proposed use of the land.

I suspect the letter is just testing the water, said Coun. Wetsch and there is no need for us to act until they put their position before the Local Authorities Board. We could advise that we are very interested in seeing what arises at that time. Coun. Breadner thought this a good idea.

We would be remiss to wait said the mayor. We have two functions - as a municipality and as a landowner. As landowners the L.A.B. suggestion is O.K. As a municipality lets find out

what's going on. Motion to that effect

carried 4-1 with Coun. Breadner opposed.

Clubs report on coming events

The Interclub Council of St. Albert held its monthly meeting on Sunday at 9 a.m. in the St. Albert Inn.

Dr. Wm. Cuts representing the Chamber of Commerce chaired the meeting. He invited representatives of the various clubs in attendance to report on their forthcoming events.

The president of the Breakfast Lions, Gene Scranton, advised that the Lions would be holding a Casino and Car Raffle again this year, sometime in the fall.

Wally Swenarchuk reporting for the Royal Canadian Legion reminded those present that the new Legion building was having its official opening that same day and that all were cordially invited to the ceremony and viewing. He said that a Klondike program will begin on July 21 every day from 4 p.m. The program will continue to the 31st and it was open to members and guests.

Shirley Sorsdahl, president of the Ladies Auxiliary to the Legion, reported that her group would be holding a fashion show in September. This would be followed by a fall tea and bazaar in November.

Dr. Cuts, reporting for the Chamber of Commerce, advised that the Chamber was considering the possibility of a trade fair in St. Albert. He said that details had not been finalized.

The Sturgeon General

Hospital Auxiliary representative, Sheila Cooper, reported that the hospital auxiliary's next event would be a food voucher raffle. The voucher will be valued at \$250 and the draw will take place at the annual next-to-new sale on October 2nd.

MUSIC FESTIVAL

Blair Art from the Kiwanis Club told the group that the Kiwanis will be going ahead with a music festival for St. Albert early next spring.

TOWN FACILITIES

Mayor Richard Plain advised the Interclub Council that council awarded plans from the architect for the covered swimming pool and tennis and squash courts for Fountain Park and for the second arena to be located at the old rodeo grounds. He said that the budgetary limits on these recreational areas would be in the region of five mills (approximately \$40 a year).

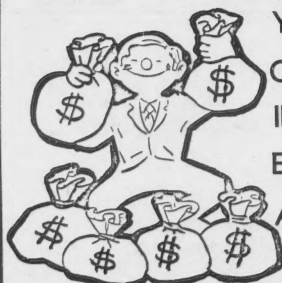

ALBERTA GOVERNMENT SERVICES

INVITATION TO TENDER

For the cutting and removal of grass for haying purposes on land situated on a portion of River Lot 56 and Privy Council 1970-1828, St. Albert. Approximate area being 100 acres, all hay is to be removed by Sept. 1, 1976. For specific details of property to be tendered for haying purposes contact T. O. Fjalestad, telephone 427-2870. Tenders are to be submitted by sealed envelope to Alberta Government Services, 10107 - 134 Avenue, Edmonton by July 19, 1976 and will be opened at 2:00 p.m. of the same day.

Family craft camp opens next week

Next week is what craft enthusiasts have been waiting for - the Family Craft and Recreation Camp at Wab-

mun Provincial Park. This year's program is bigger and better than ever, if you can believe the info from St.

Albert Parks and Recreation Department. With the list of activities that are planned it would be hard to doubt them. Teens and adults can choose

iron primitive pottery, willow basketry, painting, weaving, spinning, dyeing, dried flower arranging, batik, nature jewellery, wood carving,

fly tying, rod construction, bird watching and wildflowers, nature cooking and backpacking, archery, canoeing, waterskiing, sailing, doll making, and macrame.

Children have been well looked after as well, and can choose from the following list: nature crafts, painting, puppetry, kite building and flying, macrame, batik, clay work, active games, all day hikes. Pre-schoolers have a supervised centre to play in as well as an exploration program.

The evenings are taken up with entertainment by folk singing groups, a barbecue and ethnic program, a gen-

eral assembly (on Monday night) and on Friday a display of the crafts produced during the week.

Cost of materials, camping fees and the barbecue are in addition to the registration fee. Places are allotted on a first come, first serve basis, so it is advisable to arrive early on Monday morning or even Sunday night.

Be sure not to miss this fantastic week of fun, relaxation and family enjoyment. It is not necessary to be there for the entire week to take part in the courses. For more information, contact the St. Albert Parks and Recreation Department at 459-6601.

Texan tourists stop in St. Albert

On Monday afternoon a mobile home stopped in front of the Gazette office. Four children and four adults hopped out and headed for the laundromat. Inquisitive Gazette employees noticed the Texas license plate and further inquiries were made.

Mr. Bill Olivo, his wife Diane and their two children, Glenn (two years old) and Layne (four years old), Mrs. Patti Jordan with her two children, Jennifer (eight year olds) and Jeff (nine years old) were accompanying and assisting Barbara and Terry Echols in their move from Texas to St. Albert. All three families are residents of Lubbock, Texas, a city near Amarillo.

The group left Lubbock on July 6th and entered Canada last Sunday. They will be staying in St. Albert for a short visit with friends, Mr. and Mrs. Jack Wright, before leaving for Dawson Creek. Their entire trip will be approximately three weeks long.

Mrs. Jordan described the weather in Lubbock as being very hot, windy and dusty, no trees at all but lots of sandstorms. She also said that she had found very little difference in prices between Texas and Alberta.

The Olivo's and Jordan's travelled to Alberta via New

Mexico, Colorado, Wyoming and Montana the latter state

being particularly beautiful in their opinions.

Two families from Texas were in town this week visiting friends, the Jack Wright family. When their mobile home arrived in front of the Gazette office, [in order to use the laundry facilities next door], it generated quite a bit of interest. In the front are Jennifer Jordan and Layne Olivo [right], in the middle are Barbara Echols, [left], Patti Jordan and Jeff Jordan and in the back are Diane Olivo, Glen Olivo and Bill Olivo.

Well known educators retire

The St. Albert Protestant School District No. 6 lost two long standing and devoted employees at the end of the school year. Mrs. Doris Summer of Leo Nickerson and Mrs. Lucy Horn of Robert Rundle have both retired from teaching.

Mrs. Summer taught at Nickerson Elementary School since September 1966. On retirement the District presented her with a piece of pottery by a local artist, Doug Folkins. Mrs. Summer will be making her home in Edmonton.

Mrs. Lucy Horn joined the district in the fall of 1967. She spent her nine years with the district as a librarian at Robert Rundle Elementary School. Assistant Superintendent Muriel Martin presented Mrs. Horn with a book on behalf of the District.

ROAD GRANTS

It was one of the mayor to present to his council only one positive part of the Provincial Government arterial road program. He claimed that City Status would give St. Albert 1/2 of the nearly million dollar cost of their arterial road program in 1976. He neglected to tell his council that the total Provincial approved budget was six million dollars in 1976 and that this was being distributed on approved road projects to all 10 cities in Alberta, including the two big cities of Edmonton and Calgary. He neglected also to say that the Town of St. Albert, as a town, received this year approximately \$450,000.00 unconditional road grant. He neglected to point out to his council that St. Albert received \$130,000 Public Transportation assistance grant and would receive over a period of six years \$780,000.00. This, by the way, was not granted to Sherwood Park (with 30,000 population), or many other cities in Alberta.

The mayor has a breakdown of City Status versus Town Status on transportation grants but he continually ignores the amount of Provincial monies that assist St. Albert as a town. There is also the matter of the maintenance and upkeep of St. Albert Trail for two miles through the centre of St. Albert, now borne by the Province.

Behind the request for city status is there an ego trip to build St. Albert three to five times its present area and population?

THE "REC" COMPLEX

Do local governments really pay any attention to ratepayers concerns? It would seem that St. Albert council is completely ignoring the plebiscite of last January by approving the Highway Site for the proposed Recreation complex. The petition that brought about the plebiscite clearly stated that the citizens did not want the highway site and clearly gave their preference for neighbourhood facilities. It's true that the much needed covered swimming pool will be constructed in the neighbourhood of Forest Lawn near Paul Kane High School. But the major facility - the arena and sports complex is to go on the highway site, and as was pointed out in council can be expanded to a major facility in the future. All council members except Rod Thorsdorn favoured this choice, mainly because of access, which is poor to the St. Albert High site.

It is not the intention of this newspaper or any group of local citizens to prolong the delay in building the badly needed recreation facilities. What is being pointed out is the fact that the people voted for neighbourhood facilities. And the concerns are many on the highway site for children travelling and crossing the wide highway - and it is not a "neighbourhood" site. Prior to the council vote of 5-0 on July 5th, Coun. Rod Thorsdorn, at an earlier committee meeting in June, expressed his concerns and those of the citizens involved with the plebiscite.

The swimming pool site meets with the approval of the vast majority of St. Albert residents. Perhaps we will once again have a roll call on the site of the complex.

UNEASINESS

What's going on with Town Council? The last year has been a period of confrontation with town council beginning with recreation facilities and reaching the climax of a costly plebiscite. Additional shopping outlets such as a major food store, an indoor theatre and a department store were frozen while the mayor and council negotiated for a regional shopping centre which didn't materialize. Citizen groups have petitioned council on the wisdom of population density throughout the town, and on new areas of commercial development. Traffic and noise areas are of much concern to residents but nothing is done, except have a look, when they bring their complaints to town elected officials.

These, we believe are the effects of uncontrolled growth coupled with tax revenue raised mainly from residential property.

The mayor in particular hasn't exactly been sitting on his butt. He has directed the hiring of consultants and setting up of studies for everything from soup to nuts, including recreation, industry, shopping centres, downtown core development, water from Big Lake, sewer to Morinville, traffic and arterial roads and others. Just to read these reports is a chore, the cost is another thing, and to implement many of the recommendations from the reports would cost the taxpayers plenty and still not satisfy the majority of residents.

A suggestion was made two years ago by MIA Ernie Jamison that regional co-operation between St. Albert, Edmonton, MD of Sturgeon, Morinville and the villages within the MD of Sturgeon followed by a Regional Government would be required before the residents of the complete area would get some relief from high taxation and receive the necessary services. To date this has not come about and there is not even an atmosphere of co-operation.

The provincial government has also an important role to play in the orderly development of this entire region. More than two years ago a Municipal Finance Council was established to recommend to Government solutions to many municipal problems. The St. Albert MLA has repeatedly requested the Government that this council realize the urgency and come up with a formula to more equitably distribute to the municipalities tax revenues generated by Alberta industry. Sharing of industrial tax on a per capita basis, is his recommendation.

The finance council should also recommend to Government

to the
Editor
Seniors shelter

A letter to the editor entitled "Senior Bus Shelter" (July 7, 1976 edition of the Gazette) asked how long senior citizens would have to wait to have a bench or a shelter erected near the bus stop on St. Vital Avenue near the Youville Home.

The answer is relatively straightforward. Council ap-

proved the purchase and erection of a bus shelter in this area during its budgetary deliberations last winter. The shelter will be erected as soon as the material is acquired by the Town from the supplier.

Dr. Richard H. M. Plain, Mayor.

News missed

At the regular meeting of the St. Albert Parks and Recreation Board held on Wednesday, July 7, concern was expressed about the complete absence of information in the July 7th issue of the Gazette regarding the most recent plans of the Town Council for recreational facilities in St. Albert.

As everyone is aware, the subject of improved recreational facilities within the town has been a controversial issue for many months and it is the feeling of the Parks and Recreation Board that any positive steps to implement the procedure

should receive widespread publicity and support within the community.

During the facilities survey conducted by the Parks and Recreation Board in April, 1976, the Gazette was very co-operative in keeping the public informed as to the progress of the survey and it is hoped that developments relating to the planning and construction of facilities will receive similar support from the local press.

Lorne R. Wood, Chairman
St. Albert
Parks & Recreation Board.

Looking
Through
The Files

NINE YEARS AGO
[JULY 19th, 1967]

Air Cadet, Bill Hart won an award from the Air Cadet League of Canada, an overseas trip to three weeks to England and Scotland. Bill was one of 227 air cadets who applied for this award and was chosen along with another Albertan after being interviewed by a Selection Board of senior league members.

The boys left Trenton, Ontario and were flown by the Royal Canadian Air Force to Lahr, West Germany and from there to England with the Royal Air Force. A similar number of United Kingdom Air Cadets were guests of the Air Cadet League of Canada during that summer.

Mrs. Shirley Martin put together the St. Albert stage show for the Klondike Promenade which was held on Sunday, July 23. The show was composed entirely of local talent including dancing girls, a barbershop quartet, folk singers Harriette Beland and Philomena Wall, and many other samples of St. Albert talent.

The St. Albert Women's Institute held their June 1967 meeting on the lawn of Mrs. R. Rouault and concluded it with a lovely barbecue. The St. Albert members took first prize in the constituency handicraft conference held in Jasper Place, with 52 of the 53 entries winning 52 ribbons and the 53rd winning a special Centennial Award.

A retirement banquet was held in honour of Mr. Toby Hodgson and Mr. Lawrence Wakefield, former Town of St. Albert employees. The five Wakefield and four of the six

a positive method of long term, low interest finance money to loan to fast growing municipalities to upgrade or construct water lines, sewer disposal systems, access roads, and public transportation. This also is slow at coming.

On the local scene in St. Albert, a start on the regional concept for recreation facilities would be a good start. Water, sewer, health services and transportation are natural for regional operation and this could be the basis for Regional Government. It will require an atmosphere of trust and co-operation which is unfortunately lacking at present.

Elite town?

Regarding the article in the Journal, July 3, 1976 Mayor Plain has supposed to have stated. We just can't afford low income people here. Fifteen years ago it was low income people that made this town grow. A few years later you couldn't give a house away out here. It has only been in the last few years that the Mayor and Town Council have tried to make this a model town for the elite.

In other words; there is no room out here for the hospital-

al, town and school workers today and the list could go on. If the manions, these elite people are building are paying their way out here why are the taxes we are paying going up every year?

D. A. Hannestad,

Grandia Park. P.S. If Mayor Plain has stated he has supposed to have been saving the town so much money with about 2000 new taxpayers, we should have had a reduction in taxes.

AGT
GOOD NEWS
PARTY LINE

Over the past eight years a Klondike Breakfast has been held on the grounds of Alberta Hospital, Edmonton. This year it will be held on Wednesday, July 28, from 7 a.m. to 11:30 a.m., with feature guests including Klondike Kate, Klondike Mike, the Spokane Dancers as well as many

other entertainers. Be sure to support this annual event and come out for a fine breakfast.

Parents will be glad to learn that the Story Hour is to resume at the St. Albert Public Library each Wednesday morning from 10 until 11 o'clock. This has for many years been an exceptionally popular program at the Library and parents are encouraged to send their children aged four to eight years for this fun learning experience.

Hodgson children arrived from various parts of the country to share this happy occasion with their parents.

Mr. Hodgson had worked for the Parks Department and Mr. Wakefield was working at the town garage.

Poth Toby and Lawrence were to celebrate their 67th birthday that week (week of July 17th), and were looking forward to some fishing, travelling and just plain old taking it easy.

The Town of St. Albert was asked to restrict water pumping to the terms of their contract with the City of Edmonton due to the drastic drop in the water level in the reservoir from 20 feet to about 10 feet. Usually the town pump operated 24 hours a day but this time was restricted to six hours a day.

An Around Town notice informed St. Albert citizens about the opening of the Mission Tennis Courts. As is the case in many construction situations the courts were late opening but the old saying, "better late than never" certainly applied here.

In Morinville prizes were awarded by the Frontier Daze Committee for the best decorated yards in town. First prize was awarded to Mrs. Lorette Oulette who was presented with a cheque for \$15.00. Second prize was won by Ed Kryskow, whose lawn displayed a Centennial model and flower arrangements. The Hector Ricard home won third prize, with a barn yard atmosphere where chickens and other pets ran wild all over the yard. Honourable mention was made of the yards of Mrs. Antonio Brisson and Mr. and Mrs. Henry Bauwens.

Judges for the yard awards were: Roger Champagne, the Rev. G. H. Primeau, Mrs. Ann Maslyk, and Mrs. Odelle Chevalier.

The Morinville Cub Patrols held their annual camp at Jogn Saunders' farm from July 8 to 10, 1967. Although rain greeted the 14 clubs, leaders and assistants on their arrival, it failed to dampen the excitement or appetites of the boys.

Friday's activity included songs and skits presented for parents and friends who attended, and the highlight of the evening was the investiture of two cubs, Kim Lafreniere and Ronnie Bichel. Gifts of appreciation were presented to the leaders, Terry Curtis and Camille Dubord by the cubs. The boys returned home on the following day.

C.B.

Cont'd From Page 1

licensed radio operators, some with two or three in town, with more coming every week - it's tough to keep track he said. License fees are minimal at \$13.75 for three years.

Last fall we recognized there were a lot of C.B.ers and thought it would be a good idea to form a club, Mr. Garrett continued, to co-ordinate our efforts to run a good set up and comply with regulations. We now have 35 family memberships, and wives are as much a part as the men and kids.

C.B.s PERFORM MANY USEFUL SERVICES

The Pathfinders have worked with local and the RCMP and Mr. Garrett described seven areas of community service they have been involved with in the short time since formation.

They worked with the RCMP and townspeople to form a Halloween patrol and tried to keep aware of what was going on. From their cars operators could phone a base station which had direct communication with the police. In February they helped with the Lions carnival during the parade and the dog races, when operators could follow the dogs and report back to the Lions van on the progress of the race for relaying to the crowd.

The Pathfinders also worked with the Kinsmen on the Rodeo Parade, to try and keep the parade in close formation. On several occasions they assisted police with searches for lost children not only in St. Albert but in Edmonton too.

They worked with the Kinetics blood donor clinic, providing free transportation to the clinic.

Mr. Garrett concluded by telling council that the Pathfinders are presently hoping that a scheme can be worked out under which the club could assist school boards by patrolling school grounds to check vandalism. In addition he added that a large percentage of operators are teens who are given a new outlet for their energies and resources.

John Tanchak reviewed the basic equipment used by C.B. operators - car radios with a range up to 20 miles which can vary. Minimum cost of a mobile radio and antenna to install on a vehicle he said was \$150. Communication is established between mobile operators and base stations in homes and Mr. Tanchak said quite a number of small businesses make use of them as well as their use for recreation.

He told council of a personal experience of witnessing an accident. I was able to get a base station and report the need of an ambulance and the police and within two minutes the police arrived and the ambulance was there in five minutes, said Mr. Tanchak, adding that such incidents of C.B. help are common in Edmonton re accidents.

Range of a base station he said was 30 miles on average and cost ranges from \$250 to \$750. The RCMP have a number of base stations and the Pathfinders are now working out a grid system for St. Albert so that we can

reach people in each area who know the area very well to call upon in cases of searches for lost children, and assist the police while keeping in contact with them.

Hand held walkie talkies with a 1-5 mile range are not used too often he said, but are valuable in searches on foot. They cost about \$50 - \$150.

There is a fair bit of money invested in C.B. equipment here said Mr. Tanchak and our club is trying to organize and channel this equipment to good use.

CLUB WELL AWARE OF PROBLEMS

We know there are problems with TVI and BCI (television and broadcasting interference). People have trouble with stereo and tape recorders, even the police band will come in on FM home radios, he added. The problems usually lie with the reception equipment in the houses said Mr. Tanchak. In most cases when the Department of Communications comes out on a complaint the C.B. people check out o.k. and are found to be meeting all standards. Part of the problems arise from low antennas and there would be no problem at 200 feet, but that is not practical.

Problems with mobile stations interfering with T.V. are usually temporary he noted while operator is passing. He said he didn't know much can be done. Some club members have offered to supply parts for their neighbour's equipment he said. A radio frequency by-pass will filter out the offending C.B. frequency. Usually these offers are not accepted, Mr. Tanchak added.

With the phenomenal growth of C.B.s it is hard to check the interference problem and he noted that C.B.s have their own problems with things such as power lawn mowers, hospital x-ray equipment and such interferences on their bands - but we of course are badly outnumbered by the television owners, concluded Mr. Tanchak.

FEDERAL REPRESENTATIVE QUESTIONED

Mr. Watson of DOC was called upon and said that Mr. Garrett and Mr. Tanchak had described generally the way things are going regarding the problems. We deal with them case by case. The mayor asked if new 1977 standards of television, stereo equipment might help, and asked if there was a technical ability to solve the problems they why not?

The manufacturers have not chosen to do what is necessary for equipment to be operated in a C.B. environment, said Mr. Watson - it's more expensive - 90 percent of the equipment is imported from Japan, Taiwan or somewhere he added. Mr. Watson said the R.F. by-pass would solve one problem and would affect the performance of equipment. In the case of television he told council that stronger sets have more resistance to interference, and on cable there is almost no interference.

The town administrator enquired about C.B. misuse when operators relay information

Approximately 400 people gathered outside the new Royal Canadian Legion building last Sunday to take part in the official opening ceremonies. Guest speakers included Marcel Lambert, MP for Edmonton West, Ernie Jamison, MLA, Mayor Richard Plam and Alex Bayrack, Zone Commander. After the speeches and official greetings the crowd was taken on a tour of the building.

ation where RCMP have radar traps, but was informed by Mr. Tanchak that while club members do not give out such information, the police actually don't mind too much. After such a call goes out on C.B. the mounties can wait a while and then move to a new location, confident that the relaying C.B. reports will keep traffic slowed down in the first area.

Mr. Watson also referred to the illegal practice of operators boosting their power with linear - there are many bad apples. Power can be boosted from 5 to 200 watts in this way Mr. Garrett told the Gazette and club members are doing everything they can to stop this practice in St. Albert as they observe it, along with asking operators to have defective equipment checked and to keep antennas up at proper height. But we are not a regulatory body, he added.

Members of the audience also had questions and Mr. Lowell Thronson said he found the Pathfinders session most informative. He asked about his problems with radio and cassette stereo, particularly while tapping. How many R.F. by-passes would I need?

Mr. Watson said he would have to have technical people in to find out where the interference is getting in. He concluded the interview by saying that DOC do have standards which are constantly being reviewed, but enforcement is the question. Then we get into a political area, which is all I'd like to say.

Legion

Cont'd From Page 1

work being done by the branch.

MLA Ernie Jamison brought greetings from the government and offered his congratulations as well.

Guest speaker Mayor Richard Plam had praise for the Legion which he said was the first organization in St. Albert to provide such a facility in the town - a truly inviting building and a spacious one that will serve not only the needs of the Legion and Auxiliary members, but the townspeople as well. He said that the people of St. Albert appreciated the work of the Legion in reminding newer generations of citizens of what had been done to preserve their freedoms and their way of life by those members of the armed forces who had given their lives for their country. The mayor asked the audience to join in a round of applause, saying Well Done to the St. Albert Branch of the Royal Canadian Legion.

Chaplain, the Rev. Len Musto, was called upon to invoke a blessing on the building and he spoke movingly of the debt owed to those who have given their lives, and of the strong bonds of fellowship which unite the legionnaires. Mr. Musto concluded with a thoughtful prayer.

Then it was time to focus the spotlight on Maude Potter, Silver Cross Mother who spoke out clearly as she cut the ribbon to declare the Legion Memorial Hall offi-

cially open.

Legion and Auxiliary members proudly conducted their visitors on a tour of the

building and saw that they were provided with tea and cakes in the spacious auditorium.

What Caught Our Eye

By Gazette Staff Writers

From the November/December issue of Co-operation Canada 23

As we make the transition from the third to the final quarter of this century the world food economy appears to be undergoing a fundamental transformation. Two developments stand out. One is that the comfortable reserve of surplus stocks and excess production capacity which the world has enjoyed over the past generation may now be history. The other is that the world is becoming overwhelmingly dependent on North America for its food supplies. Together these two developments add up to a new role and responsibility for North America.

A measure of growing worldwide food deficits is shown by the grain exports from North America which have doubled during the seventies, expanding from 48 million tons in the 1970 fiscal year to nearly 100 million during the current fiscal year. During the current fiscal year Canada and the United States will export enough grain to feed the 600 million people of India.

The obvious question is: why has one region emerged as a supplier of food to the rest of the world? If one were to select the single dominant factor reshaping world trade patterns in recent decades, it would be the varying rates of population growth.

A comparison of North America and Latin America illustrates the devastating role of rapid population growth. As recently as 1950, North America and Latin America had roughly equal populations, 163 and 168 million respectively. The difference since then explains much of the changing trade pattern. While North America's population growth has slowed substantially since the late fifties, Latin America's has escalated at an explosive rate.

Several Latin American countries, such as Mexico, Venezuela, Peru, and Brazil have population growth rates of three percent or more per year, a rate which, if it continues, would lead to a 19 fold population increase within a century. If North America's 1950 population had expanded at three percent per year, it would now be 341 million rather than the actual 236 million. At current per capita consumption levels, those additional 105 million people would absorb virtually all exportable supplies and North America would be struggling to maintain self-sufficiency.

What is needed is a dramatically stepped up effort to both slow population growth everywhere and to accelerate agricultural growth, particularly in the developing countries, where the greatest unrealized production remains.

TICKETS - A SNIP AT THE PRICE

India has found a new way to curb the population explosion. Men are being given free tickets for an all-star variety show in New Delhi - if they will have themselves sterilized.

ST. ALBERT BILLBOARD

St. Albert Council Briefs

A lady representing 11 senior citizens from the apartments on Mission Hill appeared before council July 5th to ask if the bus could

stop on the corner coming down from Youville, as it used to do. We have to walk up and couldn't we be let off and then the bus move on?

She was assured by the mayor that he would look into it.

Following a vigorous protest by residents when motion came up to approve the rezoning bylaw to change an 11-acre parcel to town housing and small commercial outlet, Coun. Breadner said he would support the motion, but "I do so knowing it has some drawbacks. I

originally opposed the sale of the land (to Nu West) until we knew where the monies would go. The land was sold with provincial authority, on condition that the monies would go to either recreation facilities or recreation lands. Coun. Breadner told the Gazette he felt it would be better policy to leave the assets in the form of land, which is appreciating more. All the money has not

changed hands yet, he noted. He also said he had reviewed all the proposals from developers for use of the parcel, and felt the Nu West proposal was the best one, so he was attempting to make the best of the situation by supporting the motion, which carried 5-0. There was some discussion of the 21 conditions attached to the development.

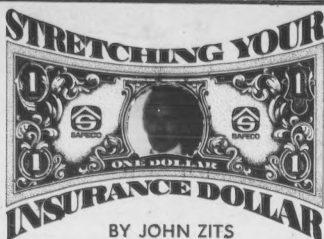

Bylaw to rezone land for Stage 6 Akinsdale came up for reading and Coun. Breadner stated he had consistently opposed the rezoning further lands in Akinsdale, feeling "we have enough development on our plate at this time." Lacombe Park is finished this year, said Mayor Plain, and we haven't begun to look at Carma. The net result is we eliminate expansion or

have a little bit. Vote was 4-1 with Coun. Breadner asking that his opposition be recorded.

Date of the 1976 Business Tax Court of Revision was set for July 22nd at 7:30 p.m.

Bylaw to create a Bylaw Enforcement Officer was given third reading and the mayor commented he hoped some outstanding nuisance areas will be dealt with.

Mayor Plain informed council that he would be writing to the Edmonton Journal that council has not viewed the oblate plan for low cost housing, the Cunningham Ridge plan. It is not under wraps he said, and council could care less what any developer does with his plans.

Look for a Homeowners policy that'll keep up with the times. Under many Homeowners policies you may find yourself alarmingly short of insurance. However, if you have a SAFECO Homeowners policy, you don't need to worry. Because SAFECO's automatic ap-

TIP #1

preciation feature guarantees replacement costs at today's costs—new materials for old—up to the limits of your policy. So you'll get dollar-for-dollar reimbursement—not eighty cents on the dollar. And that's just one more reason why you can almost always save with SAFECO.

Qualico christens Akinsdale Rec. Centre

Mayor Plain raised the Canadian flag signifying the official opening of the Akinsdale Recreation Centre last Thursday. The Centre is located at 34 Alpine Crescent, part of the housing development built by Qualico Developments on the south-east side of St. Albert.

Mr. Ron Savage of Qualico welcomed the visitors present to the new centre and outlined the reason why the centre had been built for the Akinsdale residents. In many previous housing subdivi-

sions the developer had come in, built a system of roads, utilities and houses - a place to eat and sleep - and had not given any thought to the other needs of a modern community, such as sports facilities, or a central meeting place. At the outset of the Akinsdale development, Mayor Plain and the Council had requested that Qualico provide some of these facilities, a plan which they were in complete agreement

with. The building of a community recreation area fit into their housing plan very well.

Mr. Savage said that in accordance with the request of the town, Qualico has provided 15 acres of school sites, 10 acres of this being reserved for park. The recreation centre itself contains two changing facilities, two meeting rooms, a kitchen and is situated adjacent to four paved, aluminated ten-

nis courts, and two skating rinks, one for hockey and one for social skating. There is also a playground area for the younger children, and a paved parking lot. The area around the centre is fully landscaped.

Then Mayor Plain spoke to the parents and children who had gathered at the centre for the opening of the centre. He stated that in previous development situations the priorities were not specified and set out before the private business sector, the municipality and the community. In the case of the Akinsdale development these priorities were made very clear to the developers. The difference between this and other housing areas is that in Akinsdale the residents have access to the full range of community services, services which they demanded and received as their right.

Mayor Plain said that the recreation centre and its facilities would enhance the

quality of life and benefit all those concerned.

The mayor then raised the Canadian flag signifying the official opening of the Akinsdale Recreation Centre. Mr. Savage presented the mayor with a plaque in commemoration of the day.

The gathering present for the ceremonies were then invited inside the centre for a tour of the facilities and coffee and doughnuts (which the children devoured ravenously).

Mayor Plain and some of the children who gathered at 34 Alpine Crescent for the opening of the Akinsdale Recreation Centre admire the plaque presented to the mayor by Mr. Ron Savage of Qualico Developments (standing by the flag pole). The centre was officially opened last Thursday morning and provides the citizens in Akinsdale with quite a variety of athletic and community facilities.

The Book Nook

News from the
St. Albert Public Library
By Margrit McCrea

Two activities are on at the Library for the summer season. Story Hour for children aged four to eight takes place every Wednesday morning from 10 - 11. The children spend an hour listening to stories and records, singing and watching the occasional film.

Every Wednesday evening commencing at 6:30 p.m., we present a family film program for your enjoyment. The theme for this week is water activities. Four films being shown include: Get Wet, Swimming for Beginners, Drownproofing and Rainshower.

Next Wednesday, July 21 the films to be shown are: Abyss, Climb, The Golden Fish, and Ski the Outer Limits. Please join us!

Parsonally Speaking

Rev. B. L. Heath First Baptist Church

There are many good illustrations in the Bible of people that exercised compassion. Compassion is the ability to put ourselves in the place of another - to suffer with or feel with. The story of the "Good Samaritan" can well illustrate this point. It is recorded in the gospel of Luke 10:30-37. "A certain man went down from Jerusalem to Jericho, and fell among thieves, which stripped him of his raiment, and wounded him, and departed leaving him half dead. And by chance there came down a certain priest that way; and when he saw him passed on the other side. And likewise a Levite, when he was at the place, came and looked at him and passed by on the other side. But a certain Samaritan (a half-breed Jew) as he journeyed, came to where he was; and when he saw him, he had compassion on him, and went to him and bound up his wounds pouring in oil and wine, and set him on his own beast and brought him to an inn, and took care of him. And on the morrow when he departed he took out two pence, and gave them to the host and said unto him 'Take care of him and whatsoever thou spendest more, when I come again, I will repay thee.' Other illustrations of compassion are readily found in Genesis 18 or Matthew 18:21-35.

As a Christian if you look at multitudes without Christ in their hearts, a future hope, on the road to eternal

destruction, seemingly unaware of their coming plight, in a future without the favor

of God, if you have a desire to help them you are motivated by compassion.

Jehovah's Witnesses meet in Edmonton

Edmonton will be the location of a large convention of Jehovah's Witnesses - August 5-8.

Eleven thousand are expected to attend, mainly from the province of Alberta. It will be held at the Edmonton Coliseum.

Robert Jackson, convention overseer, said the theme

of the conference is "Sacred Service" and he added that the program will address itself to improving life spiritually within the family circle.

Jackson added that the program will feature Bible lectures, symposiums, discussion periods and four Bible dramas to be presented

in full costume.

The principal speaker of the convention is N. H. Knorr, of New York, president of the Watch Tower Bible and Tract Society, who will discuss the question, "Will Serving God Solve Your Problems?". It is scheduled for Sunday, August 8, at 2 p.m.

Kenneth King of Red Deer victim of accident

Mr. Kenneth Edward King of Red Deer passed away at the University Hospital, Edmonton on July 5th, 1976, at the age of 34 years. Mr. King was the victim of a truck accident in the Bentley area. He and the driver were out looking for oil leases following a dirt road. The road was very muddy and it was raining, and it is believed the driver lost control of his vehicle.

Mr. King was married 12 years ago to Jeannette Bonneville, eldest daughter of Sylvio and Kay Bonneville of Green Grove Drive, St. Albert.

He is survived by his loving wife Jeannette, one daughter, Michelle, nine years, one son Grant, seven years, both at home; three brothers, Murray and Robert of Edmonton and Patrick of Rocky Mountain House; one sister, Mrs. Susan Gerndt of Edmonton, and his parents, Mr. and Mrs. Edmund King of Edmonton. He was predeceased by a son, Scott

Edward in 1968.

The Rev. A. McNeil officiated at funeral services held from Everitide Funeral

Chapel at Red Deer on Friday, July 9th. Cremation followed.

Alumni reunion at Olds College

Mr. Don Graham, president, Olds College Alumni Association, recently announced the dates of the 1976 annual summer reunion. It will be held at Olds College on Saturday and Sunday, July 31 and August 1.

Starting with registration at 10 a.m., the Saturday program will include visiting, lunch, a special luncheon for the 50 and 60 year people and their spouses, campus tours, lounge, banquet and dance.

A highlight of the banquet will be the naming of two outstanding graduates to the Alumni Hall of Fame. They are Mrs. Norma Jean (Hogg) Gray '37 of Brooks and Mr. George Faucett '26 of Consort. Their friends are cor-

dially invited to attend the banquet at 5:30 p.m., in Frank Grisdale Hall.

The Sunday program will include a family breakfast, a non-denominational Church Service, recognition of honoured classes, the annual meeting of the association and a barbecue.

Boating Tips...

Clearing the air about fog

Chill air in early morning and late evening hours increases the possibility of developing fog conditions. And fog can be a formidable adversary to an inexperienced boater, warn the MerCruiser stern drive boating authorities. Always carry a compass. Upon approaching fog conditions, take a bearing toward shore and hold it until you get there and can follow the beach to port. Listen for and heed warning bells and whistles. If you really get lost in a fog, anchor and wait it out. As in any manner of boat operation, let common sense prevail even though your regular senses are obscured.

ENGAGEMENT ANNOUNCEMENT

Lt. Col. and Mrs. F. M. Barké of St. Albert, and Mr. and Mrs. R. J. Denomé of Carleton Place, Ont., are pleased to announce the forthcoming marriage of their children, Kathy and Romeo, August 7th, 1976 at the St. Albert United Church.

RELIGION OF UNITY

The Baha'i Faith has already shown its power to change men's hearts and lives, making them new creatures. It has provided a basis on which people of all races, nations, religions and classes may unite and are uniting in one great harmonious family.

Its universal spirit is daily penetrating further into the mists of age-long prejudice, reaffirming once more the Oneness of God, the oneness of humanity, the divine purpose in creation and the validity of divine revelation as man's only guide. It has revealed the means by which a new civilisation can be built, in which co-operation will replace competition, amity take the place of enmity, and devotion to God's will be substituted for selfish and worldly aims.

"This is a new cycle of human power. All the horizons of the world are luminous, and the world will become indeed as a garden and a paradise. It is the hour of unity of the sons of men and of the drawing together of all races and all classes."

SPECIAL CONCERT - FRIDAY, AUG. 6 -- 7:30 P.M.

Summer activities at Edmonton Art Gallery

MUSIC AT THE EDMONTON ART GALLERY

During the month of July, the schedule for Jazz concerts at the Gallery is as follows:

July 17 - South Side Quintet, featuring Earl Seymour and Rick Tait; **July 24** - Gail Bowen Group, vocalist Gail Bowen with a five-man backup group; **July 31** - P. J. Perry Quintet, featuring Edmonton saxophonist, P. J. Perry.

All jazz concerts will be presented Saturdays at 2:30 p.m.

Music at the Gallery is free to the public and is offered with the assistance and co-operation of the Edmonton Musicians Association.

THE GOOD, THE BAD AND THE UGLY

This exhibition in the Junior Gallery is designed to challenge taste and sharpen the eye. Works of varying quality and degrees of success will be juxtaposed. Sometimes the subject will be the same, but the results very different. Often similar formal problems will be

attacked, but radically different solutions will be arrived at.

This exhibition will be held in the Junior Gallery for the months of July and August.

CHILDREN'S ART AND CRAFT WORKSHOP

A seminar/workshop for provincial visual art administrators, program supervisors, community leaders and art instructors, will be held in Edmonton from August 6-9, sponsored by the Department of Culture in co-operation with The Edmonton Art Gallery.

Session topics will include the value of community art and craft programs for children, organization of art programs, understanding children's art and craft and the motivation and new approaches to teaching arts and crafts.

Deadline for application is July 15. Further information may be obtained from Bernadette Law, art education supervisor, Edmonton Art Gallery, 429-6781, or Lucille Rodnuszky, assistant supervisor, Workshops and Development, Visual Arts Branch, 427-2031.

COWBOYS AND INDIANS

The Edmonton Art Gallery is showing a selection of paintings, and sculpture from its permanent collection featuring Cowboys and Indians, buffaloes and elk, etc. in time for Edmonton's Klondike Days celebrations. Western enthusiasts will have a chance to enjoy these works at leisure during the summer.

EMILY CARR AND DAVID MILNE July and August

Commencing July 9, the Edmonton Art Gallery will be showing works by two Canadian painters, Emily Carr (1871-1945) and David Milne (1882-1953). The works in this exhibition are from the Gallery's permanent collection, and from various bequests and loans to the Gallery.

Both Carr and Milne developed their personal styles of painting outside the mainstream of early 20th century Canadian painting, that is, the Group of Seven. David Milne spent 24 years outside of Canada, studying in New York and later joining the Canadian army in England during World War I. He returned to Canada in 1928, and maintained a critical antagonism toward the Group of Seven, while seeking increasing isolation in the bush country near Toronto. Although Emily Carr was at one point significantly influenced by Lawren Harris, one of the original Seven, her painting continued to develop in a personal way partly because of early studies with the Fauvist painters in Paris. In the absence of recognition and acclaim during most of her lifetime, she continued to return to the forests of British Columbia to seek inspiration for her work.

The self-imposed exile of each artist brought about unique formal solutions and personal, expressive ways of handling paint, so that idiosyncracies became strengths.

This exhibition gives visitors an opportunity to compare two highly individual artists. The exhibition will close at the end of August.

Sharon finds a baby starling

Fourteen year old Sharon Adams of 27 Gilmore Crescent found a baby starling at Jasper Place Bowl on July 1st and since it was unable to fly and had been abandoned by its mother, Sharon brought the wee bird home to look after it. She phoned the SPCA who told her that puppy chow should suit his diet quite well. Sharon

hasn't decided on a name for her pet, but thinks that Woodstock would be appropriate, since her dog's name is Snoopy and her pet bird's name is Charlie Brown. Sharon's adopted pet hasn't quite learned to fly, being at the hopping stage at the moment. Sharon is a grade eight student at Sir George Simpson School.

ATTENTION DAD

Teen news and views

By Kelly Daniels
St. Albert
Community Youth Worker

A fact of life for most people today is a place to go and socialize with peers and relax. Many people frequent the bars and lounges of local hotels, some prefer private clubs, others maybe the local community hall where a nucleus of friends soon build and everyone has a good time. This is a very necessary part of a well rounded and stimulating lifestyle, especially if you are in a position where pressures and problems of day to day living are

constantly bearing down upon you.

One group of people who are often overlooked when people talk or think of a social life are the young adults of the community. I use the term young adults to emphasize the fact that these are young people who are actually in the throws of entering adulthood and as such the many pressures and problems of becoming an adult are being experienced for the first time. Think back and try and remember your young adult years when problems such as choosing a career, handling your first car accident, or contemplating striking out on your own seemed insurmountable. Or pressures such as increased responsibilities, going out on your first date, or being in with the crowd yet being true to your conscience seemed unbearable.

Now try and think of a place in this community where the "young adults" can go and socialize among their peers.

The regular meeting places you find in most communities such as arcades or pool halls are not to be found in St. Albert. The local restaurants have experienced this congregation of local youths and partly out of financial necessity have had to levy minimum order restrictions to keep large numbers of youths from meeting. So where do the young adults go to meet this natural need for socializing with friends?

Well, try the local drive-in on Friday or Saturday night and you'll find an average of 30 to 100 teens on a good

night sitting on the grounds in front of the screen. This can be a great annoyance to the people in cars and on top of that it's illegal and something the drive-in manager has been fighting with for three or four years now. You might also try the mall and talk to a few of the local businessmen about the numbers of teens "hanging around." Take a drive out in the country some evening to visit some of the local bush bashes where teens "socialize" and because of the unsupervised nature of these parties a lot of drinking goes on, is this where you want your young adult to start trying out his/her socializing skills?

To try and fill this void the three local teen clubs with the assistance of a group of adult citizens have received permission from council to utilize the basement of the Vay Care Centre as a Teen Recreation Centre on designated nights of the week. Only one catch, the washrooms in the basement are not completed so the group has to raise money and volunteer help to complete the plumbing etc., before they can move in.

Over the years teen drop-ins and recreation centres

have gotten a fairly bad name because of some unhappy incidence so I'd like you to turn to this column next week when I'll be writing down some of my thoughts and some of the kids thoughts on how this teen centre can be a success for all.

TEEN SCENE

The first teen sponsored dance of the year is scheduled for July 24 in the Community Hall at 8 p.m. All proceeds will be going to the Teen Centre so come out and support your own centre and have a great time. Keep an eye out for posters to tell you who the band is.

A group of teens between the ages of 14-16 will be meeting at Marina Barry's home - 78 Mission Avenue and they are looking for anyone who is interested in wilderness camping and/or white water rafting this summer. If you're interested come on out this Thursday, July 15 at 7 p.m.

East Side Teens is organizing their first event of the year and looking for teens who would like to join. If you're interested call 459-6574 and ask for Rick.

Fastball action produces some upsets

Action in the 12-team Sturgeon Men's Fastball League Monday night produced a couple of upsets as LBH Falcons defeated Spruce Grove K of 7-6, and Enoch Tomahawks defeated Stony Plain Kings 6-1. Garden Valley Raiders won by default over Onoway who failed to field a team.

First place Stony Plain Playboys lost their first game of the season last Wednesday.

Spruce Grove took all at Calahoo tourney

Spruce Grove K of C played excellent fastball over the weekend and as a result won the annual 16-team Calahoo Sports Association fastball tournament. The Grove's Pink Panthers also won the ladies tournament.

K of C defeated Calahoo Chiefs 4-1 in the final of A section before a crowd of over 600 vocal spectators.

The winners scored single runs in each of the first four innings with the Chiefs lone run coming in the second.

Adrian Brule was the winning pitcher allowing only a second inning single to Larry Mitchell. Arlie Stevenson took the loss for Calahoo before being relieved by Ed

Kachowski.

KC's reached the finals with a 7-2 win over favored Monarch Auto Body and Calahoo defeated Asnanda Contractors 6-3.

The tournament win was worth \$250.00 for Spruce Grove and \$150.00 to the Chiefs.

Ed Miller Construction won the "B" event with a 8-2 win over Onoway in the final game.

In ladies action the "A" event was won by Spruce Grove Pink Panthers with a 18-4 win over Wabamun. The "B" title went to Waiward Steel (Stony Plain) with a 10-6 victory over Saskatoon Panthers.

St. Albert Junior Hockey franchise moved to Edmonton

One of the two new franchises in the Alberta Junior Hockey League has now been transferred from St. Albert to Edmonton and the team will play all their home games out of the Jasper Place Arena.

The St. Albert Saints franchise has now changed their name to the Edmonton Crusaders Junior Hockey Club and will play at the 2,200 seat J.P. Arena. The other new entry is from Fort Saskatchewan.

The Crusaders were originally hoping to play out of the new St. Albert arena complex which was turned down by a plebiscite earlier this year. With no ice time available in the existing arena the Crusaders were forced to move and chose the J.P. Arena.

Crusaders were formed by a group of Edmonton businessmen who have a good knowledge of the game and also a similar philosophy about education. They hope to provide a place for "EDMONTON" boys to play Junior A hockey and combine it with an educational program.

The Crusaders will be working closely with the Edmonton Minor Hockey Association and will not permit players from outside the City of Edmonton to play nor will they play any player who still has midget eligibility left.

The directors of the club feel that education and highly competitive hockey are compatible in the development of mature, contributing citizens of the future. It is also their goal to broaden the concept of education in Junior A hockey in a positive manner, and it is hoped that boys not wishing to continue on to pro hockey, will be able to go to the U of A or a United States university to further their careers.

A paramount reason for establishing the Crusaders was the alarming number of excellent hockey players who are leaving the City of Edmonton to play Junior A hockey elsewhere. Education and family life suffer imme-

diately and in a number of cases, players have quit to return home. This retirement from hockey is often permanent as the player is "turned off by the system."

The team will be coached

by John Belcourt who has coached in the Canadian Athletic Club for years, and last year guided the Jenner Motor Pontiacs to the Midget "AA" provincial championships. Mr. Dave Lillycrop

will be the general manager, and he is well versed on the Junior hockey scene in Edmonton having been the president of the Capital Junior Hockey League last year.

Saints on winning streak with four straight

WE'RE READY SAYS CURTIS

Coach Rick Curtis is confident his team will be ready for the Cardinals in the best of three series that started last night, with the second game in St. Albert tonight. The third if necessary will be played in Edmonton Thursday night.

In last weeks action, Saints played Monday night against the Edmonton A's and found themselves down 8-3 after the second inning. They fought back and came up with three runs in the ninth inning to tie it 10-10 and then scored in the 13th inning for a 11-10 win. Len Hanna went all the way on the mound for the win with Harry Hodgson leading the way at the plate with four hits including a three run home run.

The two teams hooked up again Wednesday night, when the Saints scored seven runs in the fourth inning and won 9-4. Jim Poelzer allowed only six hits in picking up the win.

On Thursday night Rick Curtis struck out 17 and allowed only four hits as the Saints defeated Fort Saskatchewan Red Sox 7-2. Curtis was also hot at the plate with four hits and now has a 5-45 batting average in 11 games.

Harry Hodgson also picked up three hits and it appears he has now found the batting eye that had once made him one of the top hitters in the league. Saints regularly scheduled games this week have been cancelled due to league provincial playoffs and will be caught up at a later date.

Junior tennis team does well

The St. Albert Junior Interclub Team finished the league in top spot with 35 points, followed by Hillside with 32, Fort Saskatchewan 25, Derrick 21, Garneau 12, Mayfield 18, Glenora 4. The league played once a week at Mayfield indoor tennis centre from mid-May until the end of June.

In the playoffs which were just completed July 8, the St. Albert team was edged in the finals 4½-3½ by the Fort Saskatchewan team. St. Albert players who played in the final game were Chris Odinga, Kim Boyd, Dave Boyd, Kevin Jackson, Janet Neeser, Karen Dunik, Wendy Stanley, Dorothy Kirk. Congratulations to the team

for a fine showing!

Congratulations are also due to Phil Kemp, one of the tennis court supervisors, who with partner George Robinson, captured the under 18 boys doubles championship in the City Junior Championships recently completed at the Mayfield Tennis Centre. Well done Phil!

Steve Kirk, who last year won the city under 14 singles title, reached the semi finals in the under 16 singles - which involved 21 players - before bowing to the eventual winner Paul O'Donoghue of Calgary.

Steve and Tony Morris (the other tennis court supervisor) travelled to Lethbridge for the provincial

Junior championships and Steve was chosen to be on the Alberta team which is now in Moose Jaw for the Prairie Regionals.

Phil, Steve and Tony were not eligible to take part in the Junior Interclub League because they are classed as Advanced Juniors.

The next novelty doubles tournament for adult members of the club will be held Wednesday, July 21 at 6:45 p.m. Club members wishing to take part must be present before the completion of the second round of play or they will not be considered for entry in the tournament. Winners of the June novelty doubles were Lindsay Peterson and Cynthia Sage.

Blue Jays' winners of the Mini Mile Soccer Division in the playoff game between the Blue Jays and Blackbirds where the Blue Jays came out victorious 5-3 after two overtime periods.

St. Albert Recreation Report

From the
Parks & Recreation Dept.

HIRE-A-STUDENT

There are now 255 students registered who are eager and willing to do those odd jobs around the house for you. Give Joanne a call at 459-6601 Ext. 45 and she'll send some over. Also, if you are a student looking for

summer employment, drop down to the Parks and Recreation Department of the Town Hall and register with H.A.S.

MINOR FOOTBALL

As football season is not far away, here are some details concerning pee-wee and bantam football for this season.

For pee-wee football, boys must be 13 and under and weigh 120 lbs. or less. An additional guideline is that the boys must not turn 14 during the year. Four teams will be selected from Grandin, Mission-Lacombe, Sturgeon-Akinsdale and Forest Lawn-Braeside. Each team will consist of 22 players. Practices begin on August 9 with final registration on August 25. Fields will be confirmed at a later date. Games will be played at Langley Field on Saturday afternoons commencing August 28. There will be two interlocking games with Sherwood Park and a tournament with the Park at the end of the season.

Boys 13 to 15 years of age will be eligible to play bantam football. The bantam practice field will be Vital Grandin. One team will play in Edmonton every Sunday. Each team will consist of 30 players per team.

The next scheduled meeting of the Minor Football Association will be July 21 at 7:30 p.m., Room 4 at the Percy Page Centre. All interested persons are invited to attend. For further information phone Jim McBain at 458-1565.

ST. ALBERT PIONEERS

The St. Albert Pioneers will be travelling to Hubbles Lake this weekend to take in the sunshine. If you want to get away for the weekend why not join them. July 24

and 25 the Pioneers will be at Wabamun. For further information phone Ray Ethier at 459-6105.

HANDICAPPED PLAYGROUND

St. Albert Parks and Recreation is presently offering a handicapped playground program for children 7 - 14 years of age. This program operates daily from the Grandin Clubhouse 9:30 a.m. - 3:30 p.m. and there is space in all three sessions each two

weeks long - July 5 - 16; July 19 - 30 and August 2 - 13. Contact Parks and Recreation at 459-6601 for further information.

JUNIOR TENNIS

There has been a slight change in the junior tennis open time. New playing times are Thursdays from 2 - 5:30 and Mondays from 10 - 1:00 at Mission Courts. Both Phil and Tony, Tennis Court supervisors will be in attendance to assist in setting

up group or individual play. Once organized, Thursday will be held open for league games.

FLAG FOOTBALL

Are there any adult flag football coaches in the community? There is a possibility of organizing some flag football for adults in St. Albert. If you can coach this game, please leave your name and number at 459-6601, Ext. 44.

Novice team wins lacrosse tournament

The St. Albert Novice lacrosse team travelled to Biggar, Saskatchewan last weekend for a two-day tournament. The team won both games by a score of 7-6. Saturday's game ended in a tie which necessitated a 10 minute overtime period. Derek Bush scored the tie-breaker which ended the game in St. Albert's favour.

Saturday's goals were scored by Ken Stokes and Derek Bush, each with two goals. Brent Gallagher, Bryan Olesen and Brad Auty.

Sunday's goals were scored by Tom McCaskill, Brent Gallagher, Ken Stokes, Vern Martin and Derek Bush who scored three goals.

The St. Albert team borrowed three boys from Edmonton teams, Tom McCaskill, Brent Gallagher, Ken Stokes and two boys from other St. Albert teams, Derek Bush and Vern Martin. These players played very hard for the novice team and provided the moral support needed to accomplish the two wins. There was excellent team spirit, the whole team working together as a strong unit.

On the way to Biggar the players were treated to a wiener roast by their coaching staff, and while in Biggar the team was made very welcome and took part in another wiener roast put on by the parents of the Biggar players. The boys were

billeted in homes for Saturday night.

The success of the weekend has lifted the spirits of the team and they're really

looking forward to their next game tonight in Jasper Place at 7 p.m. The team needs your support, the admission is free.

Blue Jays victorious in Mini-Mite championship

The "sudden death" league championship game in the Mini-Mite Division was played June 29 at Lorne Akins.

The game featured the Blue Jays, undefeated in the

West Division, against the Blackbirds, undefeated in the East Division.

The Blue Jays opened the scoring shortly after the opening kick-off with Philip Alain scoring without a Blackbird having touched the

ball. David McKinley replied for the Blackbirds just a few minutes later from the penalty spot. Both teams settled down to play exciting entertaining soccer, however the Blackbirds enjoyed a 2-1 lead at half-time. David McKinley scoring after some good team work shortly before half-time.

The game continued with the Blue Jays missing some good scoring opportunities due to the wind and the good goalkeeping of Michael McCormick in the Blackbird goal. Philip Alain scored his second goal with about 10 minutes remaining in the game. Biff Jones put the Blue Jays ahead shortly after on a good shot from the right wing position. Undeterred the Blackbirds moved the ball quickly downfield and Ian Reynolds scored to tie the game. The score being 3-3 at the end of regulation time, the game went into five minutes each-way of over-

time. Philip Alain completed his "hat-trick" midway through the second half of overtime and Darren Oke scored the insurance goal for the Blue Jays with seconds remaining.

Gerry McKenna, soccer director for the St. Albert Hercules Sports Association presented the Delcon Management Ltd. trophy to the winning coach Al Alain at the end of the game.

It was very gratifying to see so many parents and other interested spectators out to watch the game and the very sporting manner in which the game was watched and played.

THE BLACKBIRDS - Front row, [left to right] Kevin Douglas, David McKinley, John McCormick, Michael McCormick, Steven McKenna and Brian Leibel. Middle Row - Scott Cooper, Dana Shore, Ian Reynolds, Gordon Carter, Warren Cabral, Todd Walsh and Les Kosiek. Back row - Coaches Ed McKinley, Eric McCormick and Norm Douglas.

BLUE JAYS, back row, [left to right] Coach Al Alain, Werner Engler, Kurt Musch, Rainer Engler, Jennifer Hancock, Karen Klatt, Tommy Hamilton, Carolyn Anderson, Assistant Coach David Adlard. Front row - Ian Poulsen, Darren Oke, Biff Jones, Philip Alain, Brad Ferguson, Danny McLeod, Barry Bruha. Missing from the picture is Diana Yurkiw, Greg PInance and Assistant Coaches Barry Anderson and Adele Klatt.

Boating Tips...

Regardless of boat size, reliable tie-downs are vital when trailering. Hull damage can occur if a boat is loosely tied down. A more severe potential problem is that a boat can slip from the trailer during a panic stop or quick swerve if not securely fastened. The MerCruiser stern drive boating experts make these recommendations. Fasten the boat front and rear. If your trailer is not equipped with convenient fastening means, have them installed. Be sure that the trailer winch line remains taut, but don't depend on that alone to keep your boat on the trailer. A tie-down with adjustable straps that pass over the gunwales is good insurance that boat and trailer will travel together to the launching ramp.

Olympic Games Schedule

Unfortunately, it's absolutely impossible for any one person to see all of the Olympic Games — or even most of them. All you can do is try to see a representative cross-section, with as many high points thrown in as possible.

The following suggested schedule will not only give you a look at many events of importance, but will also allow you to see at least one competition in nearly every field represented in Montreal in 1976. Without, we might add, stretching either your patience or your budget.

Have a good time!

Saturday, July 17, 3 PM Opening Ceremonies: Olympic Stadium.

Sunday, July 18, 4 PM, 5 PM Football (Soccer), preliminary games: Olympic Stadium, Sherbrooke Stadium.

Monday, July 19, 1 PM, 7 PM Boxing, preliminary bouts: Maurice Richard Arena.

Tuesday, July 20, 1 PM 2 matches, Women's Volleyball: Paul Sauvé Centre.

Wednesday, July 21, 10 AM Greco-Roman wrestling, 2nd round: Maisonneuve Sports Centre.

Thursday, July 22, 10:45 AM Modern Pentathlon, swimming (last event): Olympic Pool.

Friday, July 23, 7:30 PM Men's Gymnastics, finals: Forum.

Saturday, July 24, 9 AM Skeet Shooting: Olympic Shooting Range, L'Acadie.

Sunday, July 25, 10 AM Men's rowing finals: Olympic Basin, Ile Notre Dame.

Monday, July 26, 10 AM Cycling Road Race: Mount Royal Circuit.

Tuesday, July 27, 7 PM Basketball, men's finals: Forum.

Wednesday, July 28, 5 PM Handball, men's finals: Forum.

Thursday, July 29, 8 PM Fencing, Epee team finals: Winter Stadium, University of Montreal.

Friday, July 30, 3 PM Hockey finals (2 games): Molson Stadium, McGill University.

Saturday, July 31, 4:30 PM Athletics (track and field), 8 final events: Olympic Stadium.

Sunday, August 1, 5 PM Grand prix jumping team finals, Closing Ceremonies: Olympic Stadium.

Panthers win softball championship

On Saturday, June 20, the playoffs for the 13-16 year old division of the Hercules Girls Softball Association were held. The semi-finals saw first place Pro Western Plastics vs third place Westcon and second place Dairy Queens fourth place A & H Steel. These games were close with both the Pro Western Plastic "Panthers" and the Dairy Queen "Busters" coming from behind to win. Next the Westcon "Warriors" and A & H Steel "Steelers" played off to determine third place. A & H Steel won.

The final game was very exciting with the "Busters" ahead 15-9 at the bottom of the fifth inning when the game was stopped temporarily for rain. The short break seemed to give the "Panthers" a chance to bring their spirit together and they came back in the sixth to get

10 runs while holding the "Busters" to one. In the seventh the "Panthers" got three runs and again held the game and championship 22-17.

Members of the Panthers were: Cindy Weismantel, Chris Ahronson, Tracy Campbell, Joni McBeth, Lauren Washburn, Janet Duttall, Anne Marie Gardner, Linda Bailey, Judy Rheault, Diana Leubner, Brenda Troughton and Sherri Barkhouse. Coaches were Pat and Bob Kaye and Earl Wesa. Team mascot was a pink panther made by team member Judy Rheault.

The coaches of all the teams would like to thank the sponsors and also everyone who came out and umpired the games. Also they would like to comment on the high level of sportsmanship that was shown by all the girls. It was a great season!

Sturgeon Valley ladies golf

On Tuesday, July 6 the Sturgeon Valley Ladies Golf Club enjoyed an afternoon of golf with honours going to the players with the most 6's per hole. Dorothy East and Karen Waples tied for 18 holes. The nine hole winner was Louie Haas.

Several ladies enjoyed a

beautiful day at the Derrick Club, the first of our two visiting days away from the Sturgeon Club. Apparently Muriel Hutton plays her best game away from home, she broke 100. Nice going Muriel! Next week's news will be about the Club Championship.

DON'T M-A-S-H A BIG FAMILY

into an undersized house. You need space for bikes and card tables, vacuum cleaners and a ping pong table.

Comfort is the key. Perhaps an older home will keep you from tripping over roller skates. And keep parents and kids from tripping over each OTHER.

Let us help you find a good buy in a spacious, well-built home.

Legal welcomes all to Fete Au Village

By Connie Maurier
The time is near for another Fete au Village celebration on July 24-25. Another two festive days of fun is being organized for this year. It was back in 1964 that this annual tradition began and now 12 years later it is as exciting as ever. Every year so far Festivals have been blessed with pleasant weather and increasing success.

Fete au Village is a time for remembering, meeting old acquaintances, taking part in competitive contests, listening to entertainment for young and old, enjoying the home cooked foods, a time for dancing and laughing.

This year Fete au Village is saluting The Women in the Community (Legal rend hommage a la femme dans le communautaire). It is only fair to say that without the hard work and consistent devotion of so many women in the past 12 years, Legal would not have such a popular Fete au Village. It is with great admiration that this year the women are being recognized for their involvement.

You can feel the joy in the air first thing Saturday morning as the people line up for the street breakfast. Then suddenly all the hard work and organization starts to pay off. There are pancakes and bacon to fill anyone to their hearts content.

Soon after the breakfast the main street is lined with people anxiously awaiting the parade.

As usual all entries are judged as they go by and then cash prizes are awarded to the chosen winners of the best displayed floats.

Then the activities are switched over to the recreation grounds where the baseball tournament is officially opened. During the games the grounds fill up with hustle and bustle of fans cheering on their favorites, with the aroma of good food reaching into every corner.

ENTERTAINMENT FOR EVERY TASTE

On the midway there are various games and gambling booths. The younger generation can go on rides or watch the shows, Bingo games, horseshoe, or the gymkhana can be taken in. There is so much to do.

In the arena Saturday afternoon there is a program scheduled for singing and dancing and various performances. There will be contests and the doors are open to everyone young and old.

As the day goes on and after you have been around the grounds to see and taste you can enjoy a barbecue. Delicious steak and baked potatoes awaits your hungry tummies.

Of course the major evening event is the big cabaret held in the arena.

Sunday, after the church services the Fete au Village

continues to roll. There is more baseball and more gymkhana.

FINALS & FUN ON SUNDAY

One of the highlights for Sunday is the demolition derby. The drivers are cautioned but always manage to put on a real good show. Outdoor entertainment is held in the bandshell with local and various talents performing.

Another barbecue is held for your Sunday supper and listening to entertainment for young and old, enjoying the home cooked foods, a time for dancing and laughing.

SFDP met biggest success in Alberta

The provisions of the Small Farm Development Program (SFDP), an agreement signed by the federal and Alberta governments in 1972, are currently under review. This five year agreement, which has provision for a possible extension for two additional years, expires at the end of March 1977.

While all provinces across Canada entered into similar agreements, tailored to meet their special needs, the program met its earliest and greatest volume of business success in Alberta. The agreement includes the Land Transfer Program (LTP), administered by the Farm Credit Corporation, and counselling services which are provided jointly by Alberta Agriculture's field extension staff and staff seconded to Alberta Agriculture by Agriculture Canada.

Activity in the land transfer program, which has been heaviest in the northern half of Alberta, has virtually dried up now as a consequence of a doubling in farm real estate values since 1972. This situation has rendered many prospective applicants ineligible. Both the criteria for eligibility under LTP and the provision of counselling services to farmers are currently under review at both government levels.

French Association student project

Notre comité d'animation régional de l'A.C.F.A. lance un projet d'été. Rita Provencal et Claudette Landry, deux filles de Vimy, feront du porte à porte dans la région de Morinville-Legal-Vimy, pendant les mois d'été. Elles distribueront des informations au sujet des activités franco-phones qui auront lieu prochainement. De plus elles tenteront de soulever de vives discussions par rapport à la francophonie albertaine afin de pouvoir

la Citadelle Jamboree where more performers can be enjoyed. Different actors are invited and various raffle winners are picked. This winds up the Fete au Village and all good things come to an end. The Fete au Village closes with a big bang. People can enjoy the colours and flashes of the fireworks as Legal says goodbye to their visitors.

Welcome this year to one of the most well known fairs "Fete au Village" July 24 and 25. Don't miss our program to be advertised soon. The Village of Legal is proud of its people!

Grants of up to \$3,500 may be paid to farmers who sell their farms for less than \$40,000 and leave agriculture, either to retire or seek other means of livelihood. Also, special credit may be approved for beginning farmers with very limited cash resources and for expanding farmers whose total assets are less than \$75,000 and who are purchasing their land from a farmer who was eligible for a grant under SFDP.

The other main feature of the program has been the provision of counselling services by seconded federal staff and by district agriculturalists in response to referrals by the Farm Credit Corporation's credit advisors and the Agricultural Development Corporation. Counselling is provided to help farmers better understand their alternatives before they make decisions on such things as expansion, retirement or some other kind of employment.

During 1975 alone over 7,400 major counselling interviews and farm visits were conducted under the program, as well as over 400 meetings and courses for SFDP clients. This volume was about equally split between some 28 seconded Agriculture Canada staff and

par la suite concrétiser vos idées en action.

Paul Riopel, the Social-Cultural Co-ordinator for the French-Canadian Association, has informed residents of the Morinville, Legal, Vimy areas of a Summer Student Initiative Project commencing immediately. The project will include a good deal of door to door canvassing for which the Association would ask the co-operation of residents.

What would a Fair be without food and drink. [Easier on the feet say the workers].

Legal Poncho Riders are becoming well known for their gymkhana abilities.

Sturgeon Regional Recreation Report

SUMMER PROGRAMS FOR CHILDREN

Creative Fun, a combination of music, games, arts and crafts, and drama, for children aged 6 - 12 will be held in the following communities:

Fedorah-Coronado - at Coronado Hall on Wednesdays from 1 - 4 p.m., beginning July 21.

Gibbons - at Gibbons School on Tuesdays and Thursdays from 1 - 4 p.m., beginning July 27.

Alcomdale-Mearns - at Mearns Community Hall on Tuesdays from 1 - 4 p.m., beginning July 27.

Riviere Qui Barre - at Camilla School on Thursdays from 1 - 4 p.m., beginning July 29.

Lamoureux - at Lamoureux Community Hall on Tuesdays from 1 - 4 p.m., beginning July 27. For further information contact Sturgeon Regional Recreation at 939-4317.

PLAYGROUNDS

A playground program for children aged 5 - 12 years, is being held daily from 9 - 5 p.m., in the following centres:

Bon Accord - at the Community Hall.

Evergreen Mobile Trailer Park - at the Centre.

Morinville - at the Frontier Daze Grounds.

For further information contact Sturgeon Regional Recreation at 939-4317.

SOCCER CLINIC

A Soccer Clinic will be held at Naimo on Sept. 4 and 5. This clinic is open to anyone and is designed for those coaches in Coaches Level 1. For further information contact Jean Monaghan at 973-5596 or Sturgeon Regional Recreation at 939-4317.

ADULT LEARN TO SWIM

Adult learn to swim lessons will be held on Wednesdays from 9:10 - 10:10 p.m., at O'Leary Pool. The program will begin in October and continue through the winter and spring. For further information contact Sturgeon Regional Recreation at 939-4317.

SENIOR CITIZENS ANNUAL BARBECUE

The annual barbecue for senior and retired citizens will be held on August 18 at 5 p.m., at the Red Barn. Throughout the evening, there will be sing songs, dancing and Mrs. McDon-

ald's Senior Citizens Band will supply the entertainment. This event is open to all senior citizens and their guests. An invitation is also extended to Senior Citizens outside the Sturgeon area. Tickets can be purchased from your local club or by contacting Sturgeon Regional Recreation at 939-4317.

The Morinville Hire a Student Service is now in high gear. Yvonne Kieser, this year H.A.S. officer manager reports that 61 students are now registered, ready and willing to help out those employers seeking a little extra assistance. They are qualified to do work from the category of babysitting to office work.

The service has seen to the employment of 18 students, five of them with regular work during the summer months.

The H.A.S. service is for your benefit; make use of it. Contact Yvonne at 939-4317 or come down to the Sturgeon Regional Recreation office.

Market Days Calendar

WED. JULY 14 - Bon Accord Market Days get underway at the Arena 3 - 6 p.m., every Wednesday.

SAT. JULY 17 - Morinville Farmers Market at the Arena from 10 a.m. until noon each Saturday.

JULY 24 - 25 - Gibbons area Farmers Market begins at the Arena 10 a.m. until 6 p.m. each Saturday and Sunday.

Space in this column is open to any community in the Sturgeon area holding Market Days during the summer-fall season, by contacting the Gazette at 458-3240.

Morinville Memos

By Marg Benz
 It's amazing what people can do when they really want something and that something is Morinville and district's new ambulance. \$14,000 has been donated to date from different businesses and private families. The final objective is \$16,000 so if you have not as yet donated, drop in and see Ed Natrass at Beaver Lumber.

The next meeting of the United Church Ladies Aid will be held at the home of Marge Rockwell on the afternoon of Thursday, July 22 at 2 p.m. All ladies are welcome to attend this very informal meeting. For more information, please call Marge at 939-4188.

Farmers Markets will be held on Saturday, July 17 from the arena from 10 a.m. till 12 noon.

Paul Riopel, the social-cultural co-ordinator for the French-Canadian Association, has informed us of a Summer Student Initiative Project commencing immediately in our area. We have been told that the project will include a good deal of door to door canvassing for which they would ask your co-operation.

If you need a student for any kind of job including babysitting and lawn cutting, come in and see Yvonne Kieser in the 'Hire a Student' office, located at the Sturgeon Regional Recreation office or phone 939-4317.

ATTENTION SENIOR CITIZENS!

Senior Citizens of the Rendezvous Club of Morinville are going on an outing Wednesday, July 21 to Lac Ste. Anne. They will be boarding the bus at the Recreation Centre at 10 a.m. Everyone brings their own lunch and the group will stop for a picnic. A visit to the museum is featured too!

Flea Market will be held again this Sunday, July 18, at the Morinville Frontier Daze grounds from 10 a.m. on. Antiques, brass, home baking, collectibles, Canadians

furniture and a large concession will be featured. Vendors are welcome. For more information, call 475-3470 anytime or 484-9854 evenings.

The new president of the Morinville Lions Club will have officially taken over duties as of Monday, July 12. Harvey Atkinson is the new president.

Doug and Priscilla Ramer and Karen and Kevin enjoyed a family reunion in Donalds, Alberta, this past weekend. Doug tells us that Donalds is near Forestburg.

BASEBALL NEWS

Morinville's Craig Manufacturers stormed the Bon Accord baseball tournament on the weekend rolling to the win on a dazzling display of power ball. Craig's nine doubled Ft. Sask. Saturday morning (6-3). Sunday noon saw a repeat performance on homers by Rick Pugliese and George St. Laurent while Dave Kryskow, who has returned from the distant hockey wars, aptly handled the pitching chores. The Sunday evening final started off left footed for Morinville and they trailed 10-2 after six innings, then in the seventh with the proverbial two out; they managed to stage a story book rally against the startled Vimy club with nine runs! The rest was mere formality, reliever Bud Pyliuk got the win, Bob Kootenay, Ken Saunders and O'Neil Chevalier slammed home runs.

In league play Morinville tripped the hapless Barhead team 22-7 last Wednesday and received a game in default from Linaria which should have been played last Tuesday. Seniors will face Westlock tonight on the Morinville diamond (game time 7 p.m.). Thursday they travel to Vimy and after the tournament in Bon Accord they will need all the supporters they can get.

For all the new folks who have just recently moved into Morinville, one of the benefits probably not mentioned by the realtor, is the winning ways of our major teams who have not caught what the

offers seem to have passed on to the Eskimos.

The altar boys of St. Jean Baptiste Parish were treated to a weekend at the lake on June 19 and 20. Twenty-five boys and eight adults enjoyed the cottages of Mr. Armand Chailifoux and Mr. Armand Chailifoux at Lac La Nonne. Father Bureau accompanied the boys for the weekend. Sister Annette, advisor for

news items is much appreciated and as early in the week as possible. Please phone 939-4145 or stop in at 9901 - 99 Avenue (behind Red Rooster) or send to Box 112, Morinville.

Year Books from George P. Vanier are waiting to be picked up and there are more for sale. For more information, please call Debbie at 939-3383 and after July 31, call Sheryl at 939-4405.

Morinville Library News

Suggestions for your reading pleasure from the latest new books at the Morinville library. If you enjoy reading history "The French Revolution" by Professor Norman Hampton is a concise history intended for the layman. It explodes many myths about those years 1787-1799 and the establishment of the first republic of France. There are many beautiful illustrations.

On a lighter note there are five new thrillers. "The Long Shadow" by Celia Fremlin who is an expert in chilling suspense. "High Stakes" by Dick Francis about racehorses and stable intrigue. "The Auctioneers" by Joan Samson. "The Honary Consul" by Grahame Greene, about South America with its revolutions, radical priests, terrorists, and military dictators, all making compelling

reading. "The Camp of the Saints" by Jean Raspail is a book already a sensation in Europe, tells of the "Haves" and the "Have-Nots" of the world, it will infuriate some but no one will forget it or remain unaffected by the questions it raises. Six lovely books for the young, and one for dad called "Let it Rot" the home gardeners guide to composting.

Next, the golden days of Hollywood told by David Niven in "Bring on the Empty Horses". Then Sir Edmund Hillary's autobiography "Nothing Ventured, Nothing Won". Lastly three intensely interesting little books on the value of food. (1) Sugar and Chocolate confectionery; (2) Cereals; (3) Milk and Dairy foods. These are scientific books but well worth reading.

Sunnyside News

By Lois Bowman
 It has been a busy week or so in this area. First of all we'd like to welcome back from their holidays - Mr. and Mrs. Lindsay Rye - from Yellowknife National Park. Mr. and Mrs. A. Maxfield along with Cheryl and Kevin visited Kelowna and Mr. and Mrs. Bob Fewchuk, Kenny and Richard who spent a holiday at Rossland, B.C.

Three of the local 4H's took part in the Edmonton Regional 4H Show. They were representing the Namao 4H Beef Club. Heather Mitchell, Teresa Engley and Wendy Bowman.

On Saturday, July 10 the Hall Board held a "Come as you are Dance." There wasn't too many there but the ones who were there surely did have a good time. However the evening ended on a bit of a sad note when Archie Maxfield along with

his brother-in-law Dennis Whitson crashed into the ditch. They were riding a bicycle built for two and it went out of control. Archie was taken to St. Albert hospital.

The next day at the community picnic held at Camerons, Margaret Mitchell and Archie Maxfield arrived limping and bandaged up after their ordeals from the day before. The picnic was enjoyed by everyone, the children had races along with a peanut scramble. The adults had a nice visit and really enjoyed all the good food.

Sunnyside residents, including our new families coming in are invited to phone me at 973-3812, with any news items, such as weddings, sport activities, visitors, club reports and so on. Your co-operation with the Sunnyside column is much appreciated.

THANK YOU

On behalf of the Morinville Girls Bantam Blue baseball team and myself, I would like to thank all the people who cheered us on at our playoff games on the 20th of June. I am very proud of all the girls and would like to thank them for the beautiful gift they gave me at the barbecue we had at Christine Vranas'. The girls and I would like to extend our congratulations to the champions Riviere Qui Barre.

SHARON LALONDE.

Legal Locals

By Connie Maurier
The north territory is the place to visit in the summer-time according to Paul Montpetit and Paul Chauvet who just returned with their wives from as far as Tokyoaku in the Arctic on an organized tour.

The couples enjoyed their ride on the White Pass railroad from Whitehorse to Skagway and back to Whitehorse by bus and then by chartered aircraft.

It was indeed a special trip for Paul Montpetit being that he was going over the same

trail that his father had travelled in 1899 during the famous Klondike Gold Rush. Each and every person of the 88 retired farmers on this tour agreed that it was a most interesting experience.

The Legal Co-op spon-

sored Lucille de Champlain, daughter of Fern and Cora de Champlain of Vimy for the Goldeye Grad Camp which is part of the Rural Education Development Association.

During her stay at camp from July 2 to the 9th she was awarded with the Encampment for Citizenship which will be in New York for six weeks next summer. Congratulations Lucille for your wonderful achievements.

FETE AU VILLAGE HAPPENINGS

Marcel Dube is making the final arrangements to get the Fete au Village parade line-up. If you wish to enter a float please contact him at this number 961-3694.

Can you sing, dance or play an instrument? If you wish you can participate in the bandshell entertainment the bandshell Sunday of the Fete au Village for the outdoor entertainment program. Give your names immediately to Lucienne Montpetit (961-3880) or Germaine Nault (961-3609).

The Knights of Columbus are now going around with the raffle tickets for the Legal Citadel Park. The \$1,000 cash prize will be drawn Sunday night of the Fete au Village in the Arena during the Citadel Jamboree. Do not miss out on this big draw.

Some of the many highlights that you can look forward to during the Fete au Village will be the group called "Lights Out" a bilingual band that will perform during the beerfest Saturday afternoon. There will be a puppet show both Saturday and Sunday. The Frontier Dances from Morinville will be dancing for us during the beerfest and the cabaret. The cabaret on Saturday evening features the "Satellites" for your dancing enjoyment.

On Sunday night one of the main attractions for the Citadel Jamboree in the arena will be the VOS Family Singers from Calgary. There are 11 children and the mom and dad performing. They will also be the popular Jon Charles to amaze us with his magic acts.

Legal hockey group holds reunion at Amish Lake

By Connie Maurier
On the 18, 19 and 20th of June a group of couples gathered with their families and camping gear at Amish Lake for a good old time

reunion. Most of them were part of the Legal senior hockey team. Being that it turned out to be a scorching hot weekend everyone took in the sun to tan and barbecue.

On the Saturday a lawn dart tournament was organized and a cash prize was awarded to the winning team and to the runner-ups. Some had the opportunity to go boating, others went fishing, others went water skiing and others just laid in the sun. The children met many new friends and spent some time wading in the water. The evenings were spent sitting around a huge fire burning marshmallows and wieners.

Laurent and Eve Coulombe, Russ and Sharon McKenzie, Robert and Elaine Letourneau, Robert and Bonnie Pelletier, Denis and Rachelle Pelletier, Bert and Elaine St. Martin, Pete and Adeline Vanbrabant, Paul and JoAnne Morin, Laurent and Connie Maurier, Claude and Bea Maurier, Darcy Brisson and Gerald Letourneau, Patsy Montpetit and Wendy Wessel, were all part of the fun and games enjoyed by all during this special get-together.

Sister Blanchette passes

On the 13th of June Sister Aurene Blanchette of Legal, Alberta, passed away at the age of 67 years. She had been ill for some time.

Sister Blanchette taught at Legal School for 25 years and even after her retirement in 1974 she continued to help with many student's tasks. She also devoted much of her time to church duties.

She leaves to mourn three brothers and four sisters.

Sister Blanchette will be missed by many Legal people, and especially by the

students.

SISTER BLANCHETTE

Bridal shower held for Legal girl

By Terry Regimbald
The area has been the target of many rain showers lately but last Sunday Legal experienced a shower of another kind when approximately 120 friends and relatives gathered at the Community Hall to shower Rita Laframboise with gifts and good wishes for her new home.

This shower was given by Dolores Letourneau, Marie Keane and Yvonne and Yvette Pelletier.

The hall was beautifully decorated for the occasion in pink and white. Seated at the head table with Rita were her mother Mrs. Olivier Laframboise, her fiancé's mother Mrs. Tony Pelletier and her fiancé's two grandmothers

Mrs. Adrienne Pelletier and Mrs. Georges Montpetit. A number of bride-oriented games were played after which Rita opened her gifts. Rita was very pleased and thanked the persons who had organized this shower for her and all her friends and relatives for attending.

This enjoyable afternoon was topped with a most attractive as well as delicious lunch.

Rita will become the bride of Raymond Pelletier in Legal on July 17th.

Winners of the lawn dart tournament held at Amish Lake by the Legal senior hockey team on June 20 weekend: Paul Morin and Elaine St. Martin.

MAMMOTH OUTDOOR FLEA MARKET

sponsored by EDMONTON FLEA MARKET, will be held in Morinville on FRONTIER DAZE GROUNDS,

Your UFA agent should be in all your plans for the future.

People who deal with their UFA agent know he's a hard man to do without. He sees to it that there's ample fuel and accessories for the operation of a farm. And he also has a lot of valuable ideas in planning for future needs and requirements. So if he's not already in your present make sure he's in your future.

United Farmers

UFA Your letters of recommendation.

GREG YOHEMAS
SALISBURY

of Alberta

Cont'd From Page 19

Alberta's extension and farm management personnel.

By January 1, 1976, the 15 rural development staff had provided intensive counselling to over 1,300 Alberta farm families. Besides this, they had worked in a less intensive manner with an additional 1,900 clients.

Further information on the Small Farm Development Program is available from your local Farm Credit Corporation office or from your district agriculturalist.

Gibbons News

By Karen Hogg
The Gibbons Public Library is closed for the summer. If you have any books to be returned you can leave them with Mrs. K. Blais - 4914 - 47 Street, Gibbons. Telephone 923-2120. We will advise further when the library is to re-open.

Good news! Gibbons will

have a Farmers Market in the Gibbons Arena, starting on July 24 and 25 and will continue as long as possible. Anyone wishing to set up a stall are asked to contact Mike Boschansky for further information.

This binglo will be bigger and better than the last. The Gibbons Ag. Society will be

holding another crazy bingo in the arena. Every game is a different prize. Mark your calendar for August 25 at 8 p.m. This is one bingo you don't want to miss.

Roller skating is coming back! Anyone with their own skates are asked to phone Mike Boschansky. If enough are interested the arena will open during the week.

Sincere sympathy to Mrs. Eula Mabbitt and family on the passing of her brother, Cap Davis, in Peachland, B.C. Mrs Mabbitt motored out with her nephews from Barhead to attend the funeral.

Sincere sympathy to the Begalke family on the passing of Arthur Begalke. Funeral services were held on Friday, July 9 at the Anglican Church Cemetery.

Speedy recovery to Mrs. Peggy (Christie) Mahan who will be returning to Rocky Rapids after a month's stay at the W.W. Cross in Edmonton.

Feeling better wishes to Mr. Allan Knott and Mrs. Helen Mitchell who are both in the Royal Alex.

THE LAST ROUND-UP

Summer holidays seem to be taking their toll on our attendance. Only 15 members were present for the June 24th meeting. After a short sing song, three tables of what were filled for a few hands. We had planned a 'day trip' for this meeting but the weather and roads forced cancellation. As a result, there was a bountiful lunch, as everyone brought their picnic lunches. June birthdays were put over to the July 5th meeting. Celebrating were Cliff Davidson, Margaret Mabbitt and Myrtle McCrimmon. Of these only Margaret was present. A big birthday cake was put away until July. This was contributed by Marg Taylor (Sunday School Circle). On July 8 we had our day

trip. First stop was the Oliver Tree Nursery. We were shown through the whole process from the extraction plant to the finished product. We were particularly impressed with the young people who acted as guides. How they can remember all the information is beyond me. They were also most courteous, answering questions. We had our picnic lunch on tables set amongst the trees. We even enjoyed the antics of a small squirrel. The afternoon was spent in Fort Sask., first at the Museum. They have a wonderful collection both buildings and artifacts. I was sorry

I didn't have shorthand in order to list some of the more important ones. You have to see it for yourself to really appreciate it all. We then went to Pioneer House, the Senior Citizens place for meetings and "Drop-in." They have a beautiful building and are justifiably proud of it. We took our birthday cake and lunch. Hostesses, members of the Senior Citizens, served coffee and tea. Several members were also on hand and we enjoyed mingling with them. We were also joined there by three of our own members, bringing the total to 19. We had our birthday cake, which

we shared with our friends. July birthdays were Florie Alford, George Knight, Cathie Shaw and Sheila Crossbie. Sang Happy Birthday and the More We Get Together. Just an closing note to our members - the trip to Lac La Biche (July 20 - 22) has been cancelled. Our regular meeting will be held in the Hut July 22. Another reminder - tickets for the barbecue and chance to be held in the Red Barn on August 18 are now available. Price is \$3.75 each, and they must be purchased no later than August 4.

Vimy girl graduates from nursing school

Paulette Laplante, daughter of Roger and Jeanne Laplante of Vimy, Alberta, has graduated as a registered nurse from the three-year program of the Misericordia School of Nursing.

Born in Vimy, Paulette took her elementary and junior high school there and went on to graduate from Legal High School. She is especially interested in surgical nursing and will join the staff at the Misericordia after a short holiday.

Fifty-three nursing graduates and 23 graduates in Lab Technology and Radiology received their diplomas during graduation ceremonies at the Jubilee Auditorium on June 25. Graduates and their families were guests at a banquet and dance at the Edmonton Plaza on the following evening and on Sunday they journeyed to Lake Eden for an informal barbecue and last get-together after three years of hard work.

The exciting and busy weekend was a fitting conclusion of the nursing training, and one that Paulette and the other nurses will long remember.

Namao News

By Norma Crozier
LIFETIME RESIDENT
PASSES SUDDENLY

Rev. H. Black of Namao, officiated at the funeral service July 6, 1976 for the late Kenneth Stanton of 16304 - 111 St., Edmonton, Alberta.

Mr. Stanton died suddenly at his home on July 2 of a heart attack. Born in Edmonton in 1910, the son of the late Edwin Stanton, Ken had dairied in the Turnip Lake district from 1927 until 1971, when the farm was sold, making way for the present Castle Downs development. In 1933 he married Mildred Briggs and in the ensuing years they raised their family of six children.

Ken will be greatly missed by his family and a host of good friends and old and new neighbours. He was predeceased by a son, Donald in 1955.

He is survived by his loving wife, Mildred; three sons, Dean of Namao, Clarence of Edmonton and Richard at home; two daughters, Mrs. S. (Gail) Sissons of Vimy and Mrs. D. (Sharon) Johnston of Bruderheim, Alberta; 11 grandchildren; one brother, Bob of St. Albert; two sisters, Mrs. A. (Mary) Latimer of St. Albert; Mrs. V. (Doris) Pittson of Victoria, B.C.

Mr. and Mrs. Harold Clark and Mr. and Mrs. Jim Flynn of St. Albert were missing the curling rink so journeyed to Nelson, B.C. to compete in their seniors mixed bonspiel. Finishing with three wins and three losses these four keen curlers report a good time had by all.

Mr. and Mrs. Dick Hansen are enjoying entertaining their niece, Maryanne Pedersen from Copenhagen, Denmark. Warren Hansen is also showing her the country with a trip through the Rockies to visit relatives in Vancouver, B.C.

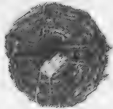

Participation from the surrounding areas is anticipated by the Gibbons Arena Farmers Market. The first one will be held on July 24 and 25 from 10 a.m. - 6 p.m. Anyone interested in a stall with items of produce, handicrafts etc., may call Mike at the Gibbons Arena for more information.

Mrs. Adolf Yeske and Mrs. Lenard Crozier and son Jason have returned from a two week holiday in Vancouver and Victoria, B.C., visiting relatives and friends.

Bon Accord News

By Saddle Allen

Tournament weekend turned out to be a real success with a very good turnout of spectators to enjoy two days of good baseball. Unfortunately our Tigers lost out to Vimy in the semi finals, who in turn lost out to Morinville in a nip-and-tuck game that saw the boys from Morinville edge out Vimy by a 12-11 score to win top money. Financially, it was a most rewarding weekend. The Early Bird draw on the car made Russell Pawluk \$25 richer while Neil Ketter was the winner of the bike raffied by the hockey Outlaws with all proceeds going to the community recreation board. The bicycle was donated for the Outlaw raffle by Arnie Reichle. Many thanks from Arnie for support given by ticket sellers and the public who bought. Tickets on the '77 Maverick are still available from members of the Community Centre Board. If you plan on making a donation to your community centre this year, why not buy a ticket on the car, get a super meal, an evening of dancing with free refreshments for two, chances to win \$25 on two more Early Bird draws, six additional prizes of \$100 each, or even the Maverick!

The Bantam soccer team completed a successful first half of the season by finishing as league champions. This was a noteworthy achievement, as this was their first involvement in league play. Members of the team are Robert Love, Chris Carleton, Duane Hill, Brian Lewis, Donald Strawson, Corey Coug, Bo Laursen, Harold Pawlechko, Ian Doughty, Mark Evans, Alan Chopp, Garlen Daum, and Ron Kulay. Coach John Doughty would like to thank the boys for their co-operation and all-out effort given in every game. The second half of the season will commence the week of September 6, for all teams and will take the form of a junior olympic competition.

Roy Malanichen and Myron Schneider's Beavers took

two games straight over Riviere Qui Barre in provincial playoffs and will represent this part of the country in provincial play on the weekend of July 24 and 25.

Bon Accord Midgets bowed out to the boys from Busby in provincial play on July 11 at Busby. However two of our boys, Dale Malanichen and Bill Allen, were invited to go with the Busby team when they continue provincial play at Swan Hills this weekend. Congratulations, boys. Keith Watson's girls lost out in two straight games to Riviere Qui Barre and Spruce Grove in provincial play on July 10. However, the girls did enjoy a stop-over on the way home at Sandy Beach and treats provided by the coach.

BIG DAY FOR 4H BEEF

The Bon Accord 4H Beef Club held their achievement day in the Bon Accord arena on July 7. Facilities at the arena were excellent and enabled the members to wash down and groom their animals in the building. There were 22 calves in the show. The main judge for placing was Mr. Lyle Hedberg of Kingman. Judging showmanship were Miligan and Dennis Dowhanluk. Judges for grooming were Stan Kowalski and Pat Reichle. Ringmasters were Leo Ferbey and Bob Putnam. Mr. Dale Dowsnell was representative of the Dept. of Agriculture. Winner of Grand Champion was Bryan Lewis and Reserve Champion was won by Basil Lewis. Winners of first and second placings in senior showmanship were David and Rick Keway respectively, in grooming, Brian Lewis and Susan Frank. In junior showmanship, Greg Uchacz placed first and Darryl Zilinski placed second. In grooming first went to Christine Frank, second to Basil Lewis. Corals and loading shutles were on loan from Briggs Bros. Trucking and Equipment, 12240 Mt. Lawn Road, Edmonton. Following the show here the calves were loaded and taken to Edmonton for the regional show. Placing second in

Regional Showmanship was Rick Keway. Rick's "pen of three" placed third in regional.

A truck-tractor rodeo open to Sturgeon 4H members was held in the arena on July 10. Winner of the junior tractor event was Craig Ozipko, of the senior event David Keway. The senior truck event was won by Mark Ozipko and the senior team event was won by Rick Keway and Brian Lewis.

An interprovincial 4H exchange with one delegate from each province were guests of the Alberta Provincial 4H Council at a steak barbecue and program held at the Red Barn on July 6. Each delegate was accom-

panied by their host family coming from points throughout Alberta from the Peace River area to Southern Alberta. Facilities at the Red Barn were provided courtesy of Walter Jertram and Bill Cochrane.

A reminder of the Slide Show and talk on India by Dr. Forbes in the United Church on July 21 at 8 p.m.

Market Days will be held every Wednesday from 3 - 6 in the arena.

Get well wishes are extended to Mr. Harvey McLean from the Bon Accord Tigers. They missed you at their tournament and hope you are better soon.

GOAT SHOW WINNER

Pictured is Mrs. Ruth Mausolf from Edmonton being presented with the Bland Bros. trophy by Mr. Bob Putnam for Emilia - best udder doe in the show. Second place - Happiness Topaz owned by Mrs. Ethel Samis of Bon Accord, third place - Happiness Laura Lady shown by Marilyn King of Morinville. Mr. Bob Putnam is a very active director of the Bon Accord and District Agricultural Society sponsoring Alberta's only official dairy goat milking competition. Mr. Bob Putnam served as ringmaster and announcer for the show.

By-election at Bon Accord

It was with regret that Council accepted the resignation of Councillor Mansfield on June 29th. The reasons given in Mr. Mansfield's letter on June 24 were pressures of work in connection with the developing

Ambulance Service and neglect of personal life.

At the regular meeting held July 6, 1976 a motion was passed to hold a by-election to fill the vacant seat on Council. Nomination Day has been set for July 19. If an election is required, Polling Day will be on Monday, August 16. Nomination papers may be picked up at the Village office, Monday through Saturday - 9 a.m. to 12 noon.
